DESCRIPTION:

The after school Cardboard Challenge Club is a chance to give students space to innovate, experiment, explore, play, create and be inspired to foster their creative spirit. Every child creates whatever it is they set their mind to with nothing but cardboard and recycled materials. This provides many students a gateway into project-based learning and design thinking that are key to shaping our next generation of entrepreneurs and innovators in our fast-paced, connected world.

This is the first year that Cherry Creek Schools Foundation has hosted the Cardboard Challenge Club, and it is piloting the club at four elementary schools: Aspen Crossing, Peakview, Sagebrush and Village East. The club is FREE, but registration with your school office manager is REQUIRED. Snacks, cardboard and other creative materials will be provided.

About the 6th Annual Cardboard Challenge:

Although it is not required to participate in the after school Cardboard Challenge Club, we encourage club participants to consider registering for the Cherry Creek Schools Foundation 6th Annual Cardboard Challenge from 4-7 p.m. on October 10 at Smoky Hill High School. Hundreds of K-12 students from across the district enter their cardboard creations to be judged at our annual showcase. Cash prizes are awarded to winners in each age group. The annual showcase is FREE; no registration or entrance fees are charged! Parental consent is required to register, and registration for the 6th Annual Cardboard Challenge is online at: www.ccsdfoundation.org/news-events/special-events/cardboard-challenge-registration.html
