

**Political Activities**

Except as provided in Colorado statute, no employee of the Cherry Creek School District shall use his/her position or the facilities of the District to promote political objectives.

As a protection to the District from persons who may desire to use the schools for the purpose of disseminating political propaganda, no written materials shall be circulated or posted on school property without the approval of the building principal.

Copies of all materials referred to in the foregoing paragraph, receiving the approval of the building principal, shall be filed with the Superintendent of Schools.
