B. New Employee Orientation and Visits by Employees' Representatives

1. The employer agrees that employees' organization representatives shall have reasonable access to the premises upon request and approval from the employer and building administrator or designee.

3. The union may attend new employee orientation sessions. In the event there is not a formal orientation session with a new employee, the union may have the opportunity to meet with a new employee for thirty (30) minutes on duty time to explain contractual rights and introduce them to the union. The union may request the name and duty location of new employees on a monthly basis.

C. Uniforms and Protective Clothing

All outer wear (i.e., shirts, coats, sweatshirts, overalls) shall have a District patch for identification and colors will be consistent with department uniforms. Catalogs will be available in the CMGC office. Employees that arrive to work with uniforms that are torn, tattered or otherwise unacceptable will be sent home to change with no pay. Employees who repeatedly arrive to work with unacceptable uniforms will be disciplined per policy 4237. *New hires are expected to order uniforms within 30 days of employment.

D. Tools and Equipment

1. The District will replace or repair any Custodial, Maintenance or Grounds employee's equipment or tools which have been damaged, stolen, inoperable or lost in the performance of his/her job. Said tools must be inventoried and a record validated by the employee's supervisor will be provided to the Custodial, Maintenance, Grounds, and Carpentry offices. 4. With regard to drug free testing for persons in positions requiring a commercial driver's license, the District will pay for the cost of the second split sample urine test if the employee produces, in a timely manner from a qualified testing laboratory as determined by the District, evidence that creates a reasonable doubt about the validity of either test. Grievance, Policy 4236

A. Stewards and Grievance Committee

The Grievance Committee will consist of seven members. Grievance Committee members and stewards may investigate and process grievances during working hours without loss of pay with approval of the director responsible for Custodial, Maintenance, Grounds, and Carpentry (CMGC) or designee. Supervisors in need of assistance from the association may contact the chief steward.

The employees' association representative during the month of January shall provide an annual list of employees serving as stewards, and a list of employees comprising the Grievance Committee to the superintendent and all CMGC employees.

B. Grievance Process

A "grievance" shall mean a complaint by an employee alleging there has been a violation, a misinterpretation, or inequitable application of any of the provisions of these policies, except that the term "grievance" shall not apply to any matter as to which (1) method of review is prescribed by law or (2) the Board is without authority to act. An attempt at resolution of the violation should be made at a lower level of supervision with or without a steward, or association representative present, prior to processing of a grievance. The grievant shall be present at any and all steps where a formal decision may be rendered, (i.e. resolution of the matter, or relegation to a higher authority), unless agreed upon by both management and the employee or representing party. If time limits prescribed in Steps I, II, and III are not followed by the district, the grievance will automatically be sent to the next step.

A grievance shall be processed in the following manner:

Step I

A steward, or association representative, and/or the employee, may take up the grievance or disagreement with the appropriate Department Manager within five working days

- (A) actual occurrence
- (B) after attempt at resolution with a supervisor
- (C) knowledge of the occurrence by the steward or association representative.

The Department Manager may then attempt to adjust the matter, and shall respond to the steward, association representative and/or employee within five working days. If deemed appropriate, the immediate supervisor may be involved through a private or a joint hearing during this step. Time may be extended with an oral request, followed by written request upon approval of both parties.

Step II

A steward or association representative, and/or the employee, may take up the grievance or disagreement to the Director of CMGC within five working days of the immediate Department Manager's response, as set forth in Step I above. The Director of CMGC may then attempt to adjust the matter and shall respond to the steward or association representative, within five working days. If deemed appropriate, the immediate supervisor may be involved through a private or a joint hearing during this step. Time may be extended with an oral request, followed by written request upon approval of both parties.

Step III

If the grievance has not been resolved to the grievant's satisfaction, it may be presented by the steward association representative, and/or the employee, to the Human Resources Department or designee, in writing within five working days after the response of the Director of CMGC is due. The Human Resources Department or designee shall respond in writing to the steward, association representative or Grievance Committee, with a copy of the response to the president of the employees' association, within five working days. If deemed appropriate, the immediate supervisor may be involved through a private or a joint hearing during this step. Time may be extended with an oral request, followed by written request upon approval of both parties.

Step IV

Mediation is a voluntary process in which a trained impartial third party assists employees

in conflict to reach a mutually acceptable agreement. If a grievance has not been resolved to the grievant's satisfaction, the grievant may make a written request for mediation. The steward, union representative, employee, or Grievance Committee will present this request to the assistant superintendent or designee. This written request must be submitted within ten days after the response of the Human Resources Department or designee. For mediation to occur, both parties must agree to the process. The Human Resources Department or designee must notify the steward within five days of receiving the request if mediation is agreeable. If either party does not agree to mediation, the grievance may be taken to Step V. If both parties agree to mediation, the process will be scheduled within two weeks of the notice of agreement. If mediation resolves the grievance, the grievance will be concluded. If mediation does not resolve the grievance, the grievance may continue to Step V.

The mediation process will be reviewed at the next negotiation session to determine effectiveness and appropriate step placement.

Step V

If the grievance has not been resolved to the grievant's satisfaction within 15 working days, the grievant, by written notice to the assistant superintendent, superintendent, or designee, may request a hearing. Time may be extended with an oral request, followed by written request upon approval of both parties.

The hearing shall be conducted by a hearing officer to be selected by the employer and the employees' association representative within ten working days after notice has been given. If the parties fail to select a hearing officer, the State Mediation and Conciliation Service shall be requested by either or both parties to provide a panel of five hearing officers. Both the employer and the employees' association representative shall have the right to strike two names from the panel. The party requesting the hearing shall strike the first name; the other party shall then strike one name. The process will be repeated and the remaining person shall be the hearing officer.

The findings/recommendations of the hearing officer shall be submitted to the Board of Education for consideration and action within 30 calendar days after the conclusion of testimony and argument.

Expenses for the hearing officer's services and the proceedings shall be borne equally by the employer and the employees' association. However, each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such a record to be made, providing it pays for the record and makes the copies available without charge to the other party and the hearing officer.

C. Confidentiality

It is the intent of the Cherry Creek Custodial, Maintenance, and Grounds Association, Local 1605 and the Board of Education that all proceedings and written and verbal discussions shall be kept as confidential as possible so as not to impede an equitable solution to the grievance.

Employment, *Policy 4015*

The Board of Education is obligated to hire the most qualified applicants to fill existing vacancies.

Proposed: May 10, 1982

Transfer Procedure – Classified, Administrative Procedure 4015.1

When a classified position becomes available within the District, any qualified classified employee will be given serious consideration.

In order that this may be realized, all classified employees must follow the procedure as listed.

Please use the following transfer procedure to assure consideration of in-district classified employees in filling all vacancies.

Step 1: The Office of Human Resources will post vacancies as soon as possible after receipt and approval of the Personnel Requisition.

The vacancy announcement will be posted on the District's website for a period of eight (8) calendar days.

Step 2: Those interested in specific transfer opportunities must submit an on-line Transfer Request form to the Office of Human Resources no later than 4:00 p.m. on the closing date of the vacancy.

1. On-line Transfer Request forms are available on the District's website.
2. Kiosks with computers are available in the Office of Human Resources for District employees to submit an on-line Transfer Request form.
3. The Office of Human Resources will electronically acknowledge receipt of the on-line Transfer Request form.

Step 3: Following the closing date, a list of all transfer applicants will be available on-line to the appropriate building administrator, or designee, for review.

Step 4: The administrator, or designee, will consider all applicants for a vacancy and select applicants for interviews based on their qualifications for the vacancy.

Step 5: Within thirty (30) calendar days, the building administrator, or designee, must make a decision to:

1. Recommend a candidate to fill the vacancy, or
2. Cancel the vacancy
3. Request the Office of Human Resources to repost the vacancy or position
4. At the request of the Assistant Superintendent of Human Resources, or designee, the thirty (30) day period may be extended to accommodate unusual circumstances.

We recognize the fact that informal communication between administrators and potential applicants may occur in an effort to secure the most highly qualified staff possible. This should not, however, interfere with serious consideration of all in-district transfer requests.

An employee's position on the seniority list will not change during any leaves approved by the Board of Education.

B. Layoff

All other things being equal in the employer's judgment as to ability, skill and efficiency, layoffs shall be made according to total length of continuous employment. Any layoff not in accordance with seniority may be taken to the Labor-Management Committee.

If additional steps were considered, i.e., subcontracting, change in pay or hours, the District and the Union would meet collaboratively to discuss options prior to the District's decision.

C. Recall

Recall shall be made according to seniority prior to the layoff. All employees will be recalled before any outside person was hired.

Evaluation / Probation, *Policy 4237*

A. Probation

1. All new employees, or those promoted to a new position, shall be placed on a 60-working-day probation automatically. Continuation of employment shall be determined by appropriate supervisory personnel during this period.

B. Evaluation

1. Employees will be evaluated annually.

C. Disciplinary Process

1. No employee shall be disciplined or adversely affected without just cause.
2. Any employee who is not performing adequately shall be given a minimum of one verbal and two written warnings regarding the performance of their duties. In the event the performance is not improved to the level required in writing by the supervisor, termination may result after the second written warning.

3. Employees may request to review their personnel file. Such review will be subject to established District and office procedures.
4. All disciplinary actions will remain in an employee's personnel file. However, in the progressive discipline process, decisions as to the severity of discipline shall not take into account any disciplinary action, which is more than two (2) years old. Notwithstanding the foregoing sentence, the supervisor shall take into account all disciplinary actions in the employee's file, including disciplinary actions that are more than two (2) years old, if the employee's file contains a disciplinary action that occurred within the last two (2) years, in the following categories: harassment, discrimination, workplace violence, theft, or falsification of documents or records. The two (2) year period is measured backwards from the date of the pre-disciplinary meeting regarding the employee's current misconduct.
5. If a CMGC employee is placed on administrative leave with pay, that employee is expected to follow the guidelines as outlined in the "Paid Administrative Leave of Absence" document. Failure to do so could result in being placed on administrative leave without pay once the District has attempted contact with the employee and a union representative within CMGC. An employee may be put back on a paid status as determined by circumstance.

Compensation

2024-2025 School Year CCSD/CMGC Compensation MOU

For the 2024-2025 school year, there will be a 6.0% COLA increase for existing employees within the newly adjusted ranges (effective July 1, 2024).

If a 6.0% increase places an employee beyond their position's 2024-2025 wage range maximum, the employee will receive a comparable percentage increase to reach the new wage range maximum and will receive an additional one-time payment to equate to the total increase of 6.0%.

Compensation, Policy 4241

Base Pay

Base pay is the fixed dollar amount paid to an employee, not including benefits and additional pay. It is the rate of compensation an employee receives in exchange for services. An employee's base pay can be expressed as an hourly rate or annual salary. The District endeavors to follow fair and consistent wage placement practices in accordance to Federal, State, and local laws. At no time will any employee be placed below the minimum or above the maximum of their position's pay range.

New Hire Wage Placement

Employees will be placed within the position's established pay range based only on their years of relevant experience to the job. Relevant experience is defined differently based on the unique job's duties and responsibilities, minimum requirements, scope of practice, and environmental work conditions found within the position's job description. Relevant experience criteria are defined by the Office of Human Resources. The employee is responsible for providing the proper documentation for their years of relevant experience. Wages are set by the Office of Human Resources based on the resume and application provided by the employee. Once a position offer is formally accepted by the employee, an updated resume can only be reviewed when the employee transfers to a new position or when a market study for the position occurs.

The pay rate placement for the compa-ratio formula will be based on the following:

1. Up to twelve (12) years of relevant external experience outside of Cherry Creek School District,
2. Up to twenty-one (21) years of relevant internal experience inside of Cherry Creek School District, and
3. A maximum of twenty-one (21) years of total credited experience.

Transfer Wage Placement

1. Demotion - Employees transferring to a different job at a lower pay grade will be reduced to the same relative position within the new position's pay range. This will result in a pay decrease to hourly wage.
2. Lateral - Employees transferring to a different job at the same pay range will maintain current hourly wage. This will result in no adjustment to hourly wage.

3. **Promotion** - Employees transferring to a different job at a higher pay range will be placed within the new position's established pay range based only on their years of relevant experience to the job. Relevant experience is defined differently based on the unique job's duties and responsibilities, minimum requirements, scope of practice, and environmental work conditions found within the position's job description. Relevant experience criteria are defined by the District. The employee is responsible for providing the proper documentation for their years of relevant experience. If this methodology results in an increase of 5.0 percent or greater over current hourly wage, then no further calculations are necessary. If experience placement results in an increase of less than 5.0 percent over current hourly wage, then the new hourly wage will be current hourly wage plus 5.0 percent, not to exceed the position's pay range maximum. This will result in a pay increase to hourly wage.

Market Study Pay Adjustments

The Office of Human Resources will periodically conduct market studies for the Educational Support Personnel wage schedule to ensure Cherry Creek School District remains competitive in relation to the public school district market and identified market peers. Individual pay adjustments may or may not be made based upon market survey findings, the position's pay range, the employee's experience, the employee's current base pay, and the fiscal sustainability of pay increases, as determined by the Division of Fiscal Services.

Time Reporting

Employees are responsible for submitting their time worked to their supervisor on a predetermined basis for approval and timely submittal for payroll purposes. It is important that these records are accurate and complete. Employees in a non-exempt position are expected to submit accurate and complete time records reflecting all hours worked. Falsification of time records will result in immediate dismissal.

Employees who also choose to keep personal time records must provide them to the District if they find a discrepancy between the District's records and their records. Employees should contact their supervisor or payroll specialist with any questions about how their pay is calculated. Employees must promptly notify their supervisors or payroll specialist of any mistakes in their time records or pay. Employees also must notify Human Resources if they perceive that anyone is interfering with their ability to record their time accurately and completely. All reports will be investigated and appropriate corrective action will be taken. The District will not tolerate retaliation against employees for making a report or participating in an investigation.

Payday

Employees are paid on the 20th of each month. If a payday occurs on a holiday or weekend, the payday is the last working day prior to the holiday or weekend. On each payday, employees may access an online statement showing gross pay, deductions, and net pay.

Automatic deductions such as additional tax withholding, contributions to voluntary benefits plans, and individual savings plans may be arranged through Payroll. For convenience purposes, we encourage paychecks to be automatically deposited to the employee's bank account of choice.

Additional Pay

Additional pay is any extra pay on top of base pay awarded to an employee. It is not guaranteed or rolled into base pay.

Overtime

Employees in a non-exempt position are eligible for paid overtime at one and one-half times their regular rate of pay for all hours worked in excess of forty (40) hours per workweek (Monday to Sunday), twelve (12) hours per workday, or twelve (12) consecutive hours without regard to the starting and ending time of the workday. The 40-hour workweek will not include time taken as personal leave or approved district holidays that occur during the workweek. Time worked above and beyond the employee's work schedule must be pre-approved by their supervisor. Failure to receive pre-approval for overtime will be considered a performance concern, and disciplinary action may be taken. Time worked in excess of scheduled hours and taken in the same week is defined as flex time.

Professional Growth

Classified staff are encouraged to participate in approved professional growth activities. The Cherry Creek Board of Education shall provide each fiscal year the sum of \$42,500.00 to be used by classified staff, applying for funds, to defray the cost of such activities. This fund will be closed at the end of each fiscal year with any remaining funds returned to the General Fund. Temporary classified personnel will not be eligible for funds. The Classified Employee Council reserves the right to make the final decision on approval of funds. The Office of Human Resources will act in an advisory capacity in approval of fund expenditures.

1. Goals/Aims

The Professional Growth Policy provides for classified staff to participate in professional growth activities, and to assist individuals with the cost of professional growth experiences that relate to classified staff job descriptions. Professional growth will add to our District value of improving the organization continuously and should be documented in the employee's yearly evaluation. These funds should be utilized to provide the greatest benefit to all classified staff. The goals/aims are to:

- a) Encourage individuals to keep current with changes in the technology of the school business world and explore new methods of school business operations.
- b) Stimulate learning and encourage individuals to upgrade their skills, gain new skills, and/or refine techniques to enable them to prepare for increased responsibilities.

2. Application Process – Individual

- a) An individual may apply for professional growth funds at any time during the school year, July 1 through June 15.
- b) To receive reimbursement, the professional growth activity must meet at least one of the goals/aims listed above.
- c) An application must be completed before any request for reimbursement can be considered. The online application form is located on the CCSD Human Resources page.
- d) An individual may not be reimbursed for more than \$500 in any given school year (exclusive of a group sponsored professional growth experience). Funds are available on a first-come, first-served basis.
- e) Application Procedure: If submitted prior to taking course, provide an application and a copy of the course prospectus or outline. If submitted following course completion, provide an application, copy of course prospectus or outline, verification of payment, and evidence of satisfactory completion.
- f) Courses under \$25 each should be combined, where possible, and classes submitted together.
- g) Classes that meet during normal work hours must have approval of the individual's immediate supervisor prior to application.

3. Approval Process – Classified Employee Council

- a) The Committee will review the professional growth balance monthly.
- b) The Council will determine a meeting place and time for the purpose of considering professional growth requests.
- c) The Committee will respond to all requests.
- d) The Committee may not grant more than \$500 to an individual in any fiscal year for professional growth activities covered under this procedure exclusive of group sponsored professional growth activities.
- e) Applications will be processed on a first come first served basis until all funds are depleted. Preapproval of funds may be granted to reserve funds for classes that occur/are completed late in the year. If a class is cancelled or the employee does not pursue taking the class, notification must be provided to Human Resources in order to release those funds for other use.
- f) If there are sufficient funds, they may be used for speakers, films, rental of space and other related expenses necessary to conduct group sponsored professional growth activities.
- g) The Committee may also grant up to \$500 per fiscal year to an individual classified employee to sponsor group professional growth activities of primary interest to his or her department or to other classified employees having similar positions. All classified employees must be invited and most of the attendees must be classified employees. Reimbursement is similar to individual professional growth. The \$500 limit does not reduce the amount the sponsoring classified employee may spend on his or her own individual professional growth.

When the activity/class is complete, fill out entire application form, attach course description documentation, copy of proof of payment, verification of completion of class, and send one copy of the application packet to Human Resources.

Temporary Assignment

An employee who is temporarily assigned duties of a higher job classification for a period may be compensated after a request is submitted by their supervisor and approved by the Office of Human Resources.

This is additional pay for work when temporarily completing duties above and beyond an employee's job description on a daily or nearly daily basis. Examples include an employee filling in for a vacant supervisor position or completing job duties that are not assigned to any other position.

If an employee is completing essential job duties above and beyond their position's job description on a daily or near daily basis, then a position reclassification should be considered for permanent changes. A position reclassification occurs when job duties, responsibilities, and required qualifications of an existing position are re-evaluated, and the position is assigned a new job title and job profile. This may or may not result in a change in employee compensation. A position reclassification is warranted only if the essential job duties of the position change by a minimum of 30.0 percent.

If an employee in a non-exempt position is completing additional job duties of a position in an equivalent pay range or a lower pay range within the hour limits as defined by Colorado's overtime laws, they are not eligible for special consideration pay. These job duties fall under "other duties as assigned."

Non-exempt positions are entitled to overtime pay if working in excess of forty (40) hours per workweek (Monday to Sunday), twelve (12) hours per workday, or twelve (12) consecutive hours without regard to the

starting and ending time of the workday. The Colorado Department of Labor and Employment details State overtime laws in the Colorado Overtime and Minimum Pay Standards (COMPS) Order #38.

Guidelines

When temporarily performing essential job duties of a position in a higher pay range that require time on a daily or near daily basis, the employee may be compensated up to 10.0% of current base pay. The percentage of additional pay will be adjusted proportionately if more than one employee is sharing the additional essential duties of a higher-level position. The pay rate is determined by the Office of Human Resources based on the circumstances.

EXAMPLE: A position in range 4 performing essential duties of a position in range 5 or higher

When temporarily performing essential job duties of a position in an equivalent pay range that require time on a daily or near daily basis, the employee is not eligible for additional pay.

EXAMPLE: A position in range 4 performing essential duties of any position in range 4

When temporarily performing essential job duties of a position in a lower pay range that require time on a daily or near daily basis, the employee is not eligible for additional pay.

EXAMPLE: A position in range 4 performing essential duties of a position in range 3 or lower

Sick Leave Bank, Policy 4251.1

A. Introduction

The purpose of the Sick Leave Bank is to provide for a limited income continuation in conjunction with other benefit plans in case of extended absences due to disability resulting from illness or injury, which renders the member incapable of working.

B. Membership

1. Initial Enrollment

All classified employees who earn leave will be eligible to join the Sick Leave Bank after one year of employment in an eligible group. All eligible employees with one year of employment or more will be automatically enrolled on their anniversary date unless they have declined/opted-out in writing. When an employee is enrolled, they will contribute 8 hours of leave to the bank.

2. Re-Enrollment

Any eligible employees who wish to join the Sick Leave Bank after their first year of eligibility

will contribute two (2) days upon joining. Such membership may only be made during the month of October using the appropriate forms. The two (2) required days of leave shall be donated from their account upon enrollment in the Sick Leave Bank.

3. Contributed Days

Days contributed or assessed become part of the bank and no longer count toward the individual member's current or accumulated leave.

4. Dropping Membership

A member may terminate membership in the Sick Leave Bank by completing the required form (4905.3) provided by the Classified Employee Council (CEC). However, the days contributed by the member may not be withdrawn.

C. Sick Leave Bank Operation/Procedural Guidelines

1. Governance

Daily operation of this bank will be by the Benefits Office in the Office of Human Resources who will determine eligibility and usage of the bank. The CEC will oversee administration of total hours and hours used.

2. Operation

- a) The minimum number of days in the bank will be one hundred and fifty (150).
- b) Should the number of days drop below the minimum, the CEC will take necessary action to raise the balance above the minimum. The CEC will have the authority to assess an additional day from each member. Days will be assessed in increments of one (1) additional day of current or accumulated leave from each member.
 - i) Inability to contribute, within a school year, will not prohibit individuals from being a member for the remainder of that school year unless the member affirmatively drops membership in the bank.
 - ii) Any members who were unable to contribute the assessed day(s) and did not affirmatively drop membership in the bank will have the assessed day(s) deducted from their current or accumulated leave during the following year.
- c) If an assessment is deemed necessary, all members will be provided an opportunity to terminate their membership prior to the assessed day being deducted from their current or accumulated leave.
- d) If the CEC feels that the bank cannot be funded adequately with the present membership or a more suitable plan is found, the CEC in conjunction with Human Resources can vote to terminate the bank. If the Sick Leave Bank is terminated, days remaining on the bank's records will be cancelled. Days will not be returned to the members of the Sick Leave Bank.
- e) Members may contribute more days to the bank up to their leave balance amount.
- f) This administrative procedure will be reviewed at least once each year.

D. Maximums / Minimums

1. A member in any single rolling year may be granted up to 45 days.
2. Any member will be assessed up to two (2) deduct days at per diem in connection with an application or illness in any single year.
3. If the balance of days in the Sick Leave Bank drops to one hundred and fifty (150) or below, members being granted days will continue to receive days. All new applications to the Sick Leave Bank will be put on hold until the CEC takes action to alleviate the situation. If the balance should reach zero (0) all days will cease to be

granted, as the bank cannot operate in a deficit.

E. Granting of Days / Application Process

The term “day” is defined as a full workday. Days may be granted from the Bank only after the member requesting Sick Leave Bank days has used all his/her current and accumulated leave.

1. The first two (2) days of leave after the member has exhausted his/her accumulated leave will not be covered by the bank.
2. At the member’s request, the two (2) deduct days may be spread over two (2) pay periods.

Employees of the Cherry Creek School District are subject to physical and mental examinations, and alcohol and controlled substances testing prior to and during employment. The following provisions of this policy set forth the circumstances and conditions when such examinations and testing will be required:

A. Physical Examination - All Employees

After recommendation for employment but before employment commences, candidates for employment may be required to take and pass such physical and mental examinations as may be prescribed by the District. Results of such examinations shall be reported on forms provided by the District, or forms acceptable to the District, and shall be filed in the Office of Human Resources. All examinations shall be at the sole cost and expense of the candidate.

B. Required Examination During Employment - All Employees

1. The superintendent or designee may require any employee within the school district to submit to a physical or mental examination, when he/she has reasonable suspicion to believe:
 - (a) the welfare of the employee, students or other employees justifies such examination; or
 - (b) that the employee's ability to perform his or her duties is impaired due to physical or mental reasons.

The District will pay the cost of the examination which shall be conducted by a physician of the District's choice. However, in the event the employee desires to utilize a personal physician, subject to the approval of the Superintendent or designee, to satisfy the employee's examination requirement, the employee may do so, provided the examination can be conducted within such time as may be reasonably required by the District. In such event, the private physician will be paid by the District an amount equal to the amount usually and customarily paid by the District to the physician selected by the District.

Following the examination, a written report shall be issued by the physician.

2. As a condition of continued employment with the District, all employees consent to a chemical test of their blood, urine or breath upon request of the Superintendent or designee. This test shall be ordered in the event the Superintendent or designee has reasonable suspicion to believe that the employee is under the influence of alcohol or drugs, or in the event of a reasonable suspicion that the employee's ability to perform his/her duties is impaired by the use of alcohol or drugs. The employee will be allowed up to thirty minutes to obtain representation of his/her choice. Any such tests shall be

conducted at any hospital, clinic, or facility properly equipped to administer such tests and shall be performed by any doctor, nurse or technician properly qualified to administer such tests. The employee may not select the physician or technician to administer the tests. All such tests shall be paid for by the District.

The term drugs, as used herein, shall include, but not be limited to, those substances defined in CR5. 12-22-30 1 et. seq., known as the Colorado Controlled Substance Act of 1981.

- (a) The failure or refusal of an employee to submit to any test required in paragraph 2 above, or to submit to and obtain the examinations required in paragraph 1 above, shall constitute insubordination, and shall result in:
 - (1) immediate suspension without pay, except as required by Colorado Statute, and,
 - (2) termination of employment being recommended to the Board of Education.

3. Alcohol and Controlled Substance (Drugs) Testing for Commercial Driver's License (CDL) Employees

- (a) The Omnibus Transportation Employee Testing Act of 1991 (the "ACT") and Department of Transportation rules, procedures and regulations (the "Regulations") require that the District conduct pre-employment/pre-duty, random, reasonable suspicion, post-accident, return to duty and follow-up testing of all District employees required to obtain a Commercial Driver's License ("CDL").
- (b) All alcohol and controlled substance testing performed under and pursuant to this Section C, will be conducted in accordance with federal regulations, the Act and procedures adopted by the District.
 - (1) Controlled substance testing will be conducted by means of a urine specimen collected and tested by a laboratory certified by the U.S. Department of Health and Human Services.
 - (2) Alcohol testing will be conducted using an evidential breath-testing device.
 - (3) Employees will not be entitled to have testing performed at a location or by an individual or facility other than that designated by the District. However, a split sample of the urine test for controlled substances will be available for the employee pursuant to District policy and federal regulations in the event the sample tested is confirmed positive.
 - (4) An employee may not refuse to submit to alcohol and/or controlled substance testing under this Section C. Refusal shall result in immediate suspension of employment without pay and recommendation of termination to the Board.

C. The required testing under this Section C will be conducted at the District's expense and as follows:

1. Pre-employment testing shall be administered to all applicants offered a position in the District requiring a CDL prior to the first time the employee performs any safety-sensitive functions for the District.

2. Random alcohol testing shall be conducted at any time period surrounding the performance of safety-related functions, which includes just before or just after the employee performs the safety-related function. Random controlled substance testing shall be performed anytime while the employee is at work.
 3. Reasonable suspicion testing will be conducted of any employee when a determination and observation is made by a trained supervisor and he has a reasonable suspicion to believe any employee has violated the District's policies and/or federal regulations relating to alcohol or controlled substance use or possession.
 4. Post-accident testing will be conducted on any employee involved in an accident which results in the loss of human life or if the employee receives a citation for a moving traffic violation arising out of an accident.
 5. Return to duty testing will be required prior to an employee being reinstated, if at all, after an employee has tested positive for prohibited alcohol concentration levels or the presence of a controlled substance and after the employee has undergone an evaluation by a substance abuse professional except as noted in No. 6 below.
 6. Follow-up testing will be required of any employee identified by a substance abuse professional as needing assistance in resolving problems with alcohol misuse or controlled substance use and who has returned to duty.
- D. Records of all tests will be maintained and kept confidential in accordance with District procedures and federal regulations.
- E. All affected employees and employee organizations will be provided with educational materials which explain the requirements of this Section C, the District procedures and federal regulations related thereto.
- F. The District encourages all employees with any alcohol abuse or controlled substance use to seek assistance through a Substance Abuse Professional (SAP) and will provide employees lists of individuals and organizations providing this service. Unless otherwise provided by law or District policy, the District is not required to provide rehabilitation, pay for substance abuse treatment or to reinstate an employee terminated for violations of District policy relating to the use or possession of alcohol or controlled substances.
- G. Any employee who is determined, as the result of any of the required alcohol or controlled substance testing, to have violated any District policy relating to the use or possession of alcohol or controlled substances shall, consistent with state and federal law and District policies, be subject to disciplinary action, including termination of employment.

Communicable or Life-Threatening Diseases, *Administrative Procedure 4047.2*

A. Purpose

This procedure establishes a mutually beneficial process between an ill employee and the District to insure that the health or safety of the employee, students and other employees is protected.

B. Identification of Ill Employees

Employees affected by a communicable or life-threatening disease or illness may be identified through self-report, or on the basis of the District having a reasonable belief that a staff member is ill. Reasonable belief would exist in, but is not limited to, situations where the employee's health is observed to be deteriorating to the point of interfering with the performance of his/her duties, the employee displays persistent physical symptoms of illness, where the District becomes aware of a diagnosis of such an illness or disease, or where there is other reasonable evidence of the existence of such disease.

If a supervisor has been informed or has reasonable cause to believe that an employee is affected by a communicable or life-threatening disease or illness, the supervisor will immediately notify the Assistant Superintendent of Human Resources. The Assistant Superintendent of Human Resources or his/her designee may confer with, but not limited to, the supervisor, the Executive Director of Instruction for that school, the staff member, and the Superintendent of Schools for determination of fitness as provided in Section D below.

C. Verification of Illness or Disease

The Assistant Superintendent of Human Resources or designee will take reasonable steps to verify the existence or non-existence of a communicable or life-threatening disease. This will be determined by a review of medical reports, files, diagnostic testing, hospital records, and/or consultation with physicians or other medical personnel as may be deemed necessary.

D. Determination of Fitness for Continued Duty

In the event an employee is affected by a communicable or life-threatening disease or illness, recommendations regarding the employee's fitness for continued duty and contact with students and other staff will be made on a case-by-case basis by the Assistant Superintendent of Human Resources. The recommendations will be based on, but not limited to:

1. Medical reports regarding the condition of the employee;
2. The type of duties and interaction in the work place required of the employee in performance of his/her assignment;
3. The impact of continued employment on the affected employee, students and others in the work place;
4. Consideration of "reasonable accommodations" in the employment of the affected employee pursuant to Section 504 of the Rehabilitation Act when applicable, and

5. Input and recommendations from public health officials and others. Recommendations will be submitted to the Superintendent of Schools for review and action.

E. Return to Duty

If an ill staff member is determined to be fit for continued duty, the supervisor will be informed of the employee's medical condition, the reasonable accommodations/precautions, if any, to be observed in the work setting, and any other factors that would warrant the reconsideration of continued duty. A regular schedule of medical examinations or evaluations for continued employment may be required.

F. Termination of Employment

If a staff member is determined to be unfit for continued duty, he/she will be entitled to the use of accumulated paid sick leave, sick leave bank provisions (if applicable), and medical leave of absence as outlined in district policy.

After all leave options are exhausted and the employee is still not deemed fit to resume duties, employment will be terminated by the employee's resignation or retirement, or by Board of Education action including initiation of dismissal proceedings under applicable Colorado Statute or District policies subject to the usual appeals by the employee.

G. Confidentiality

All information gained by the District through the application of this procedure, including the identity of an employee, will be treated as confidential except as necessary to implement this procedure. Information will not be released publicly by officials of the school district without the written consent of the affected employee.
