**Course Information**

Grandview High School offers 29 AP courses sponsored through the College Board®. By doing college-level work in high school, AP students can test themselves and take risks in a familiar setting, gaining confidence and a rewarding experience in addition to college credit and placement.

- **How will AP courses benefit you in high school and beyond?**
  AP courses are college-level courses that prepare students for the AP exam at the end of the year. If students receive a passing score (3, 4, or 5) on the AP exam, they can receive college credit, which can save money once in college. Students enjoy the rigor of AP courses and are challenged at levels they may not have been before.

- **What is the time commitment?**
  Oftentimes, there are AP practice sessions outside the school day, but students find these extra sessions invaluable.

- **When do I take the AP exam?**
  All AP exams are given the first two full weeks of May. Students will have access to late exams for extenuating circumstances. The cost for each test is $95, but there are opportunities for payment plans and scholarships.

**2020-2021 YEAR:**

- **College Board Account** - Students will need to create an account with College Board at the beginning of the school year ([collegeboard.org/register](http://collegeboard.org/register)). Under this account, students can join their AP class section to receive access to assignments and content resources. This will also be where you will register for AP exams and receive your exam scores. At the beginning of the school year, you will receive the access code to join your class section from your teacher. **All you need to do prior to the school year is create an account.** Students should keep their account information in a safe place for future reference. When creating an account, please also include a parent email for future communication.

- **Note:** All College Board programs are connected through one account, so if you created an account previously for AP, PSAT, SAT, etc. you do not need to create a new account. If you cannot remember your username /password, follow the “Forgot username or password?” links at [myap.collegeboard.org](http://myap.collegeboard.org) to reset them.

- **Exam Registration** - Registration for AP exams will take place during the Fall (Sept.-Oct.). More details will be shared with students in their AP classes. Payment will also be due at this time.
# Course Information

## AP Courses:

**English**
- AP English Language and Composition
- AP English Literature and Composition
