
STANDARDIZED TESTING

The ACT and the SAT are standardized tests used for college admissions decisions. Most colleges do not prefer one test over the other and different students tend to do better on one than the other. Due to the nature of COVID-19, many colleges have chosen to go test-optional.

All juniors at OHS will take the SAT on April 12, 2023.

What are the benefits of taking the SAT?

- You may fulfill additional graduation requirements in English/Math
- Certain minimum scores are required by select Colleges/Universities
- Certain minimum scores are required by large (local) scholarships
- It helps improve overall test taking skills

Here are a few ways to study (all of which are FREE):
