

6th Grade Elective Course Optional Planning Worksheet

Students and parents/guardians can use this worksheet to plan their elective courses for the 2024-25 school year. Please refer to the course guide for a description of all courses offered. A few friendly reminders:

- **Only one option may be chosen - Blue or Red**
- All 6th grade students are required to take the quarter elective **Computer Literacy**.
- Alternates must be different from your top choices. If duplicates are requested, that course will be voided in the scheduling process.

BLUE Option = Use this option if you do not want to take band or orchestra. Select 7 quarter electives if you do not want Choir or AVID. **If you choose Choir or AVID they count as two choices each. In addition to your choices, please select 2 alternate choices.**

RED Option = Use this option if you do want to take band or orchestra. First select Band or Orchestra. Then select (3) quarter long electives. **If you choose Choir or AVID they count as 2 choices each. In addition to your choices, please select 2 alternate choices.**

Every effort is made to place students in the courses requested but cannot be guaranteed due to scheduling conflicts or enrollment limits. Your schedule may not contain all of your top choices or be in the order of preference. After courses are assigned, schedule repairs are made to support specific academic or medical needs of students, not by request, and only when space permits.
