Dear Timberline Families,

We have officially transitioned to remote learning, and I am so proud of how well our first weeks have gone. It will take the support from all of us as adults to make this the best possible learning experience for your students, and I know that working together we can make it happen. Our community is fantastic, and we couldn’t do this work without your support.

I want to remind parents that we will be taking daily attendance of students during remote learning, just as we do when we are in-person. We are still doing school and need our students with us for instructional opportunities. If you child is unable to make it to a live session with their teacher, please call the attendance line so we are able to excuse their absence. Our 24-hour attendance line number is 720-886-3295, the Timberline app or Timattendance@cherrycreekschools.org are all available.

A huge thank you to our community for helping pass 4A/4B during the election. This is great news for both Timberline Elementary and the Cherry Creek School District. The approval from our community will enable the district to continue, and enhance, the excellent programs and services we provide to students. Thank you for letting us know how much you value an excellent education for all of our 56,000 students.

These weeks will go fast as we wrap up to 2020 part of the school year. I know remote learning is not the first choice of for many of us. Know that as a staff we are doing all we can to make this experience as meaningful as possible for our students. Please stay safe and have a wonderful holiday break.

Mrs. Bowens
Principal

Encouraging Independence

As we wrap up the second week of remote learning, your student should be becoming more independent with their work and using the tools. Encouraging your child to work independently will help with them transition back to school when we return. It is important your child demonstrates their learning when completing work and assessments. If your child needs assistance, teachers are available for support during office hours.
