

Frequently Asked Questions

Career Planning/Exploration

1. What are grade level Seminars?

Students at Grandview complete a grade-level seminar during each year of high school. These seminars are developed and implemented by the Grandview Counseling Department. Each grade-level seminar is part of the student's ICAP (Individual Career and Academic Plan). [Freshman Seminar](#) focuses on the transition from middle school to high school. [Sophomore Seminar](#) focuses on career research and exploration. [Junior Seminar](#) focuses on the student search for post-secondary options. [Senior Seminar](#) focuses on applying to and preparing for post-graduate plans. The grade-level seminar tasks and the ICAP assist students in planning their four years of high school and success upon graduation. Students will leave Grandview with a post-secondary and career goal in mind. While seminar is not a physical class, students are required to complete various tasks throughout the year. Seminar tasks will be introduced in the fall semester when counselors present to all students. Students will earn .125 credit and a grade of "S" (satisfactory) for each seminar, totaling .5 credit. Most tasks can be found on Naviance under the "Planner" tab, then select "Tasks".

2. What are some websites for career research and exploration?

[Naviance](#)
