## Yes, Junior Year **IS** important

College is a great post-secondary option; it's not the only one

We all have the same goal: to help students find the right fit for their futures

We will be working with the Junior Class as they navigate their post-secondary research (including searching for colleges)

Counselors send weekly messages to students through Schoology and monthly newsletters to parents via email

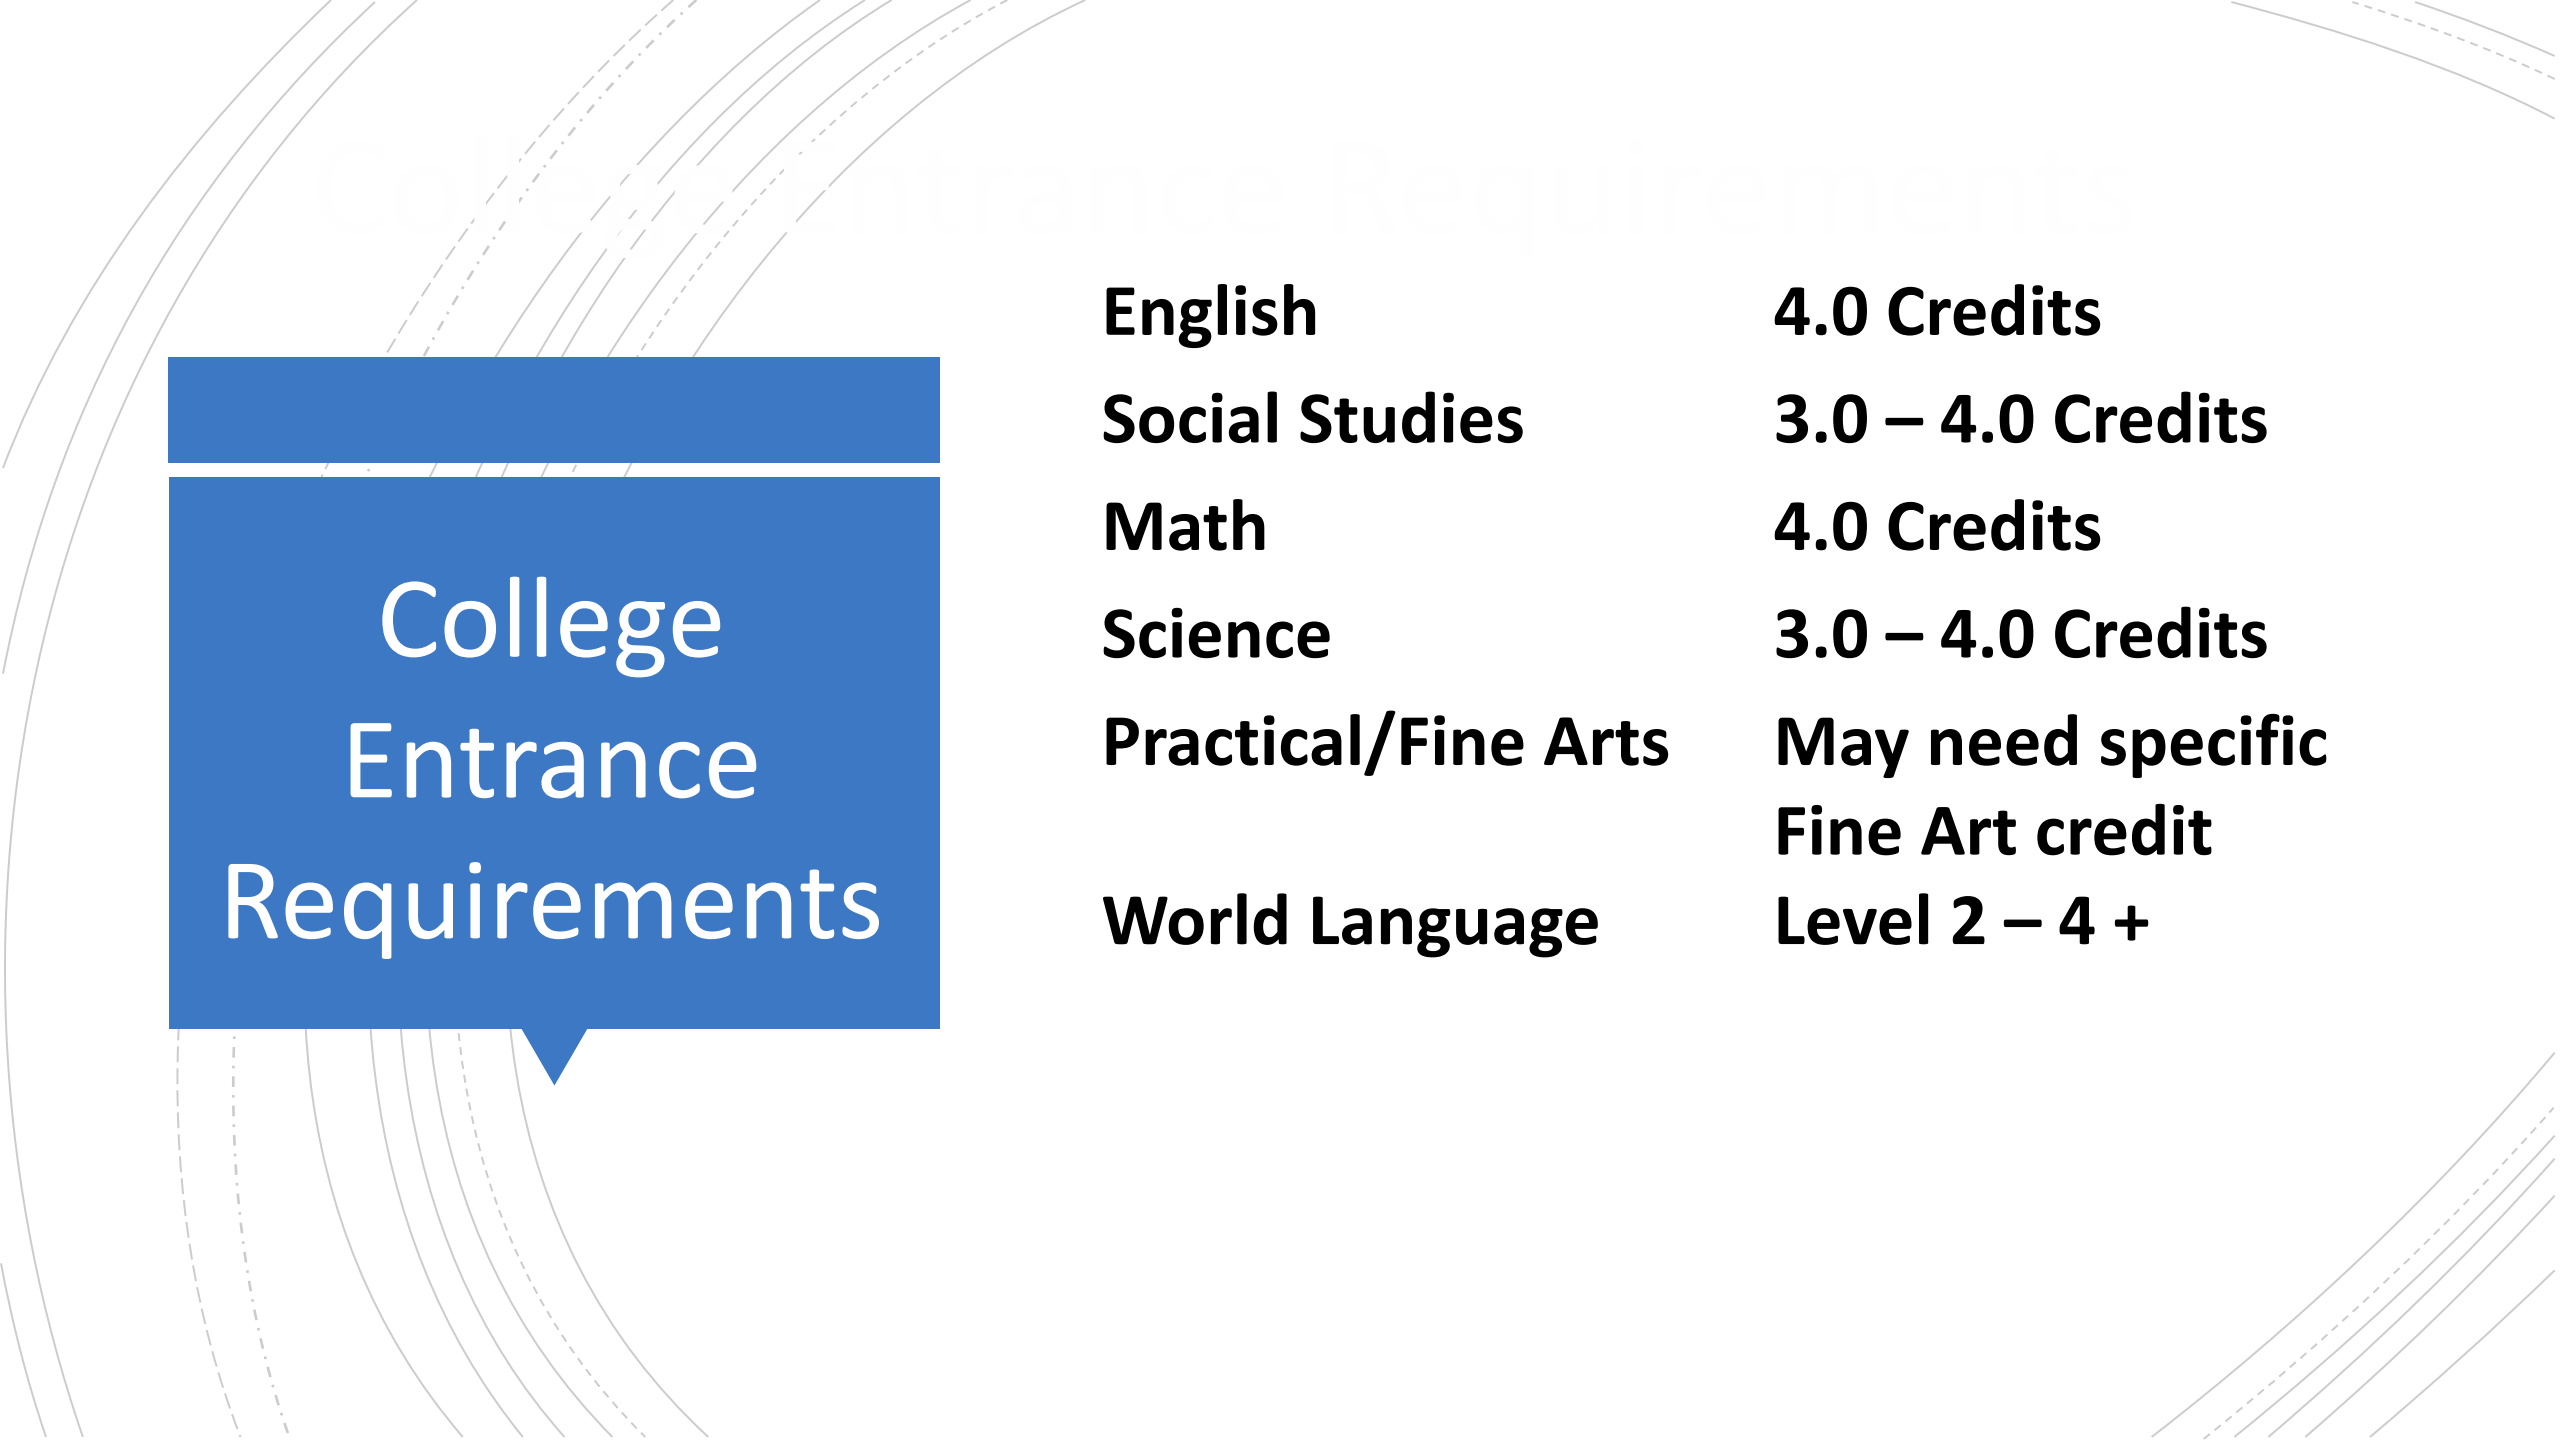

There is a list of helpful resources at the end of this presentation
