September 3, 2020

Dear Cherry Creek High School Parents and Guardians,

We want to make you aware that a Cherry Creek High School student and staff member have tested positive for COVID-19. The student was last at school on Wednesday, August 26, 2020, and the staff member was last at school on Tuesday, September 1, 2020.

Based on guidance from the Colorado Department of Public Health and Environment and a public health investigation, the student case has no impact on other students or staff members.

Cohort A students who were in class with the affected staff member need to quarantine through Tuesday, September 15, 2020. They can return to school on Wednesday, September 16. The parents of those students have been notified individually. If you have not received additional communication, your student does not need to quarantine or take additional action. All other students will continue with Blended In-Person learning at CCHS.

Any case of COVID-19 in the Cherry Creek School District is investigated by our public health partners. As part of that public health investigation:

- The person diagnosed is kept home from school or work until they are no longer infectious.
- The person’s mask use, physical distancing and activities while infectious are assessed.
- The people who were in close contact with the person with COVID-19 are instructed to stay home from school for 14 days after the exposure. This is called quarantine.

If your child develops symptoms consistent with COVID-19:

- Follow these isolation instructions.
- Stay home from work, keep your child home from school and avoid activities around other people.
- Notify the school.
- Seek medical care and COVID-19 testing for your child. Call your health care provider before you show up.

All students and staff are reminded to follow district health and safety requirements to wear a mask, wash hands frequently and practice physical distancing to the greatest extent possible. If you or anyone in your household is exhibiting symptoms consistent with COVID-19, do not send your child to school. Seek medical care and COVID-19.
We thank you for your partnership in the effort to keep students, staff and families healthy and safe this school year.

If you have questions related to school, please call the school main office. If you have questions about COVID-19, please contact Tri-County Health Department at 303-220-9200.

Sincerely,
Cherry Creek Schools
