

CCSD Facility Rental Best Practices: Pool Rentals

Thank you for your interest in utilizing a facility in Cherry Creek Schools. Please see below for a list of guidelines and District expectations for requesting pool time on Cherry Creek School District property.

General Information

Please see *CCSD Best Practices: For All Renters*.

Submitting Requests

Cherry Creek Schools accommodates numerous community organizations in our pools on a daily, weekly and seasonal basis. Please note that you may not be approved for all dates you have requested.

Please note that you will be charged a \$10.00 lane rope fee for each date that you are approved for in a given school year (July 1-June 30).

Schools will receive first priority for pool usage.

Other Information

Please note that renters are required to have one certified lifeguard, in attendance at all times, for every 25 swimmers. The maximum number of swimmers in a pool at any given time is 200.

Pool maintenance and school usage will take precedence over all rentals.

Storage space is not available in our pool areas or locker rooms.

All personal items are the responsibility of the renter. Any items left behind, such as towels or goggles, or clothing, may be removed from the pool area.

Please avoid adding additional equipment to the pool to raise or lower the water depth.

Food and drink are prohibited in the pool, apron, or deck areas.

Refrain from using sand or any other abrasive materials on pool decks and hallway floors. Additional cleaning costs and possible cancellation of permit may apply.

Electronic timing equipment is not available for rental unless a Pool Manager is also engaged for your event at an additional cost. Permission for use is at the school's discretion.
