

Dear Husky Parents/Guardians,

As we conclude the second quarter of the 2020-2021 school year, we wanted to express our gratitude for your partnership, flexibility, and support in a year like no other. January brings a new year, and hopefully, opportunities to reconnect in-person with our students. As previously shared, we are planning for the return of secondary students to enhanced Hybrid learning in January (***This is contingent on health safety data supporting a safe return for our students and staff***). To ensure a successful second semester, we considered student, parent, and teacher feedback and adjusted the Hybrid schedule. In particular, the new Hybrid schedule:

- Complies with CDPHE Guidelines
- Increases instructional time with 3 days of direct instruction (1 day Remote and 2 days In-Person)
- Gives students more access to teachers
- Increases peer interaction by combining Blue and Grey cohorts virtually on Mondays
- Enables teachers to frontload the week's lessons and independent practice with students
- Provides a more consistent routine for students and minimizes the asynchronous time between lessons
- Supports family demands (i.e. childcare, work)
- Blends Remote and In-Person learning
- Does not apply to Elevation, Endeavor Academy, and some special programs
- Maintains operational structure (food distribution, bus schedules, etc.)
  - Maintains the master schedule and student class options
  - Aligns grades 6-12 and other High School programs

As we plan for January, please consider the following transition week and refined Hybrid schedule below:
