Association Information
Communications/Transparency in Negotiations, Memorandum of Understanding

The District and the Association share an interest in ensuring that all District teachers, nurses, mental health employees, administrators, and members of the school board (collectively, “stakeholders”) receive pertinent and accurate information regarding items for negotiations. The parties agree that easy access to such information will best serve this important interest.

Therefore, the parties agree to this Memorandum to further clarify information in Policies 4135, 4735, and 4879 regarding communications about negotiations. Specifically, the parties agree that transparency in communications is a shared value. To advance that value, the Association acknowledges the right of the District to communicate information it deems important to any employees, including CCEA bargaining unit members. This recognition extends to the District sending communications on issues of interest during the time that negotiations are taking place.

The District acknowledges that CCEA is the sole and exclusive representative of the teachers, mental health team members, and nurses in the District. During the time when negotiations are occurring, District communications specifically related to negotiations will include a notation to that effect in order to affirm that understanding.

Nothing in this Memorandum of Understanding or Policies 4135, 4735, and 4879 should be construed to prevent the parties to engage in an effort to communicate jointly to CCEA’s bargaining unit members. The parties commit to exploring the possibility of joint communication but will not be precluded from separate communications.

At the conclusion of each negotiating cycle and prior to submission to tentative agreements being submitted for ratification, the parties commit to issue a joint communication to all stakeholders briefly explaining the tentative agreements reached.

Adopted: June 15, 2015
Effective: July 1, 2014

Negotiated Nurse Rights, Policy 4734

A. Use of School Buildings by Staff During Non-school Hours

Staff members are permitted to work in school buildings during off-duty hours however, arrangements for that work will be made with the building administrator. It is the staff member’s responsibility to maintain security of the building when personnel normally charged with that responsibility are not present.

B. Just Cause

No nurse shall be reprimanded, disciplined, suspended, reduced in compensation, transferred, adversely evaluated or terminated without just cause and due process. This provision does not apply to the termination of probationary nurses at the end of the first or second year of employment.

C. Official Personnel Files

1. District Personnel File
The District will maintain an official District personnel file/record in the Office of Human Resources for each nurse. Although not necessarily maintained in the same location, the District will keep separate sub-files of each individual’s personnel file. Examples of information that could be in such sub-files are: 1) health records and documents, 2) documents related to grievances, 3) documents related to administrative leaves, and 4) documents related to disciplinary measures. Access to these sub-files/records will be restricted to only those District employees who have a need for such access as determined by the Assistant Superintendent of Human Resources. Anytime these types of personnel files/records are accessed for a purpose which may negatively affect the nurse, the nurse will be notified of the identity of the person accessing the file and the purpose for that access within two (2) workdays unless the nurse would have already been aware of such access.

2. Building File

Building level files/records for individual nurses are not part of the official District personnel file/record of the nurse but must comply with the same expectations identified in this Policy for District personnel files/records, including sub-files when applicable.

3. Access to Files

   a. Upon request and at an agreeable time, any nurse or any individuals authorized by the nurse will have the right to review the contents of his/her building file/record and/or the official District personnel file/record, including the sub-files.

   b. The Assistant Superintendent of Human Resources will allow access to a nurse’s official District personnel file/record including any sub-files only in the following instances:

      i. Personnel of the Office of Human Resources are conducting routine duties associated with their job responsibilities; or

      ii. Designees of the Assistant Superintendent of Human Resources are conducting business of the District in accordance with their job responsibilities.

   c. The Office of Human Resources will keep a log of all individuals who access the nurse’s personnel file/record including sub-files and indicate the reason for that access, except for personnel who work in the Office of Human Resources and are conducting routine business associated with their job responsibilities.

   d. The District will provide a copy of this log to the nurse if the nurse requests it.

   e. When the District receives a court order to open and/or deliver/transmit any electronic information held or in the possession of the District related to the nurse’s personnel file/record and/or disciplinary file/record the District must notify the nurse within three (3) workdays unless such notification is prohibited by law.

4. Copies of Documents in Files
If a nurse or a designated representative requests a copy of material contained within his/her building file/record and/or the official District personnel file/record including sub-files, the District will provide the copy of that material at no charge.

5. **Anonymous Materials in Files**

No anonymous materials shall be placed into the nurse’s official District personnel file/record.

6. **Right to Respond to Documents in Files**

The nurse shall have the right to submit a written response to any document filed in her/his official District personnel file/record. The nurse’s written response, if any, shall be attached to all copies of the document to which it pertains.

7. **Required Signature on Evaluation Documents**

Consistent with Policy 4737 the nurse must sign all documents related to evaluations that are placed into the official District personnel file/record of the nurse. Signatures will be submitted electronically as required within the District’s evaluation program. The nurse’s signature does not indicate agreement with the content of such material. The nurse will be provided with a copy of the signed document, or have access to print the signed document.

8. The nurse will have such other rights pertaining to access of personnel records as provided by state and federal law.

D. **Criticism of Nurses**

I. **Process For Addressing Criticism**

1. The process for addressing criticism or concerns brought to an administrator regarding a specific nurse is:

   a. Step 1: Contact the nurse about whom the concern was raised to discuss the concern and the administrator’s initial judgment about the seriousness of it.

   b. Step 2: The administrator may then choose to consider the investigation into the matter completed or conduct additional investigation into the matter and shall communicate this information to the nurse.

   c. When reasonably necessary, the building administrator may not follow the above process. For example, to comply with the law, to respond to requests from law enforcement, to comply with a court order, or when no specific individual is attributed to the criticism or concern.

   d. The intent of this section is to ensure that concerns are addressed in a timely manner and that the parties involved are aware of the process for considering the concern.

2. In addition to the above, the nurse will be given written notice of, and have the right to respond to, any material or information which is critical or negative in any
nature concerning the nurse, and to be advised of the source of any such information, before such material or information may be used in any formal process involving matters such as reprimand, discipline, suspension, reduction in compensation, transfer, evaluation or termination.

Under certain circumstances, the identity of the source of critical or negative material may be kept confidential if the administrator has an objective basis to believe that the release of the identity would be detrimental to the health or safety of the source. While information from anonymous sources can be provided to the nurse, such information will not be used in any of the formal processes identified in the previous paragraph.

II. Process for Submitting Documents of Criticism into Files

1. Documentation of materials of a critical or derogatory nature shall not become part of a nurse’s official District file/record including the disciplinary sub-file unless the following conditions are met:
   a. When an administrator receives information, which, in the administrator’s judgment, could become part of the process as outlined above, the administrator prior to the utilization of said material in any formal process, has the obligation to inform the nurse of that material in a timely manner, subject to section (D)(I)(2) above.
   b. If the supervising administrator intends to place any document(s) in the nurse’s personnel file that is critical, derogatory in nature or may adversely affect the nurse’s employment status, the administrator shall hold an in-person meeting with the nurse and present him/her with two (2) copies of the document signed by the supervising administrator. The supervising administrator shall keep an addition signed original copy of the document for use, if needed.
      i. The nurse will sign the document within seven (7) workdays and return one (1) copy of it with her/his signature to the supervising administrator.
      ii. The nurse’s signature will acknowledge having received the document but will not indicate agreement with the content of the disciplinary document(s).
      iii. The nurse will retain an original of the signed document(s).

2. If after seven (7) workdays the nurse has not returned a signed copy of the disciplinary document, the supervising administrator will:
   a. make a notation (date and signature) on the supervising administrator’s signed copy of the disciplinary document that the nurse failed to sign the disciplinary document,
   b. communicate to the nurse that the disciplinary document will be placed in the official District file/record, and
   c. place the disciplinary document in the nurse’s disciplinary sub-file of the
District personnel file.

3. Only a document, which has a signature from the supervising administrator and meets the requirements of section (D) (II) may be placed in the official District file/record.

4. No anonymous materials shall be placed into the nurse’s District personnel file/record.

III. Process for Nurses to Submit a Written Response to Documents in a File

1. The nurse shall have the right to attach a written response to any document filed in her/his official District file/record.

2. The nurse shall have forty (40) working days to submit a written response. The forty (40) working days to respond shall commence at the time of the in-person meeting with the supervising administrator when the disciplinary documents were presented to the nurse as referenced in (D)(II)(1)(b) above. The nurse will sign the response.

3. The Assistant Superintendent of Human Resources, or designee, must provide signed documentation of receipt of the nurse’s response within five (5) working days either by email, District mail and/or U.S. Mail, whichever method(s) will provide the most expeditious communication.

4. The nurse’s written response, if any, shall be attached to the document to which it pertains.

IV. Process for Addressing Documents of Criticism in a Building Personnel file/record

The nurse shall have the right to attach a written response to any document(s) or material(s) filed in her/his building personnel file/record. The building supervisor/administrator shall follow guidelines similar to those described in the immediately preceding section (D) –except that the building supervisor/administrator shall assume all responsibilities identified for the Assistant Superintendent of Human Resources.

V. Requests for Removal of Disciplinary Documents

1. Upon written request to the principal in the case of a building file/record or to the Assistant Superintendent of Human Resources in the case of the disciplinary sub-file of the nurse’s official District personnel file/record, consideration will be given to removing a notation, which reflects adversely upon the nurse from the file/record. Commencing at a time not less than sixty (60) working days after being notified that a document is being placed in a file, the nurse may provide a written request for the removal from the file/record of a notation, which reflects adversely upon that nurse. If the request for removal is granted, all documents and materials associated with the notation will be expunged. If the request is denied, the appropriate administrator shall provide the nurse with the written reasons for denial. Nothing in this provision will preclude the appropriate administrator from removing such documents earlier or without a request from the nurse, nor does it
preclude a nurse from making a request after a reasonable period of time after being denied. This section shall not pertain to ratings or comments on evaluations or observations.

2. If a nurse is exonerated following the completion of an investigation during which the nurse was placed on administrative leave with pay, all documents in any of the nurse’s official District personnel file/record related to the incident or issue will be accessible only to the Assistant Superintendent of Human Resources and/or the Superintendent, or their designees.

VI. In-person meeting with community members

It is the responsibility of a nurse to meet with students and/or their parents regarding a question or criticism of his/her job performance, if the students or parents request a meeting. In the event of such a meeting, the nurse may request the presence of the building administrator, and the administrator will make every effort to provide for the professional integrity of the nurse.

E. Professional Communications

In all meetings involving nurses and administrators, the parties shall be responsible for ensuring that communications are conducted in a manner that maintains professional integrity.

F. Required Meetings or Hearings

Any nurse required to appear at a meeting or hearing before the Superintendent or his/her designee or the Board, or representative thereof, or to make an oral/written statement concerning a matter which could adversely affect the employment of the nurse, will be given written notice of the reason(s) for such a meeting or hearing and will be entitled to have another person of his/her choosing present to advise or represent him/her. The meeting will be scheduled at a time that allows the nurse to secure representation.

In addition, if the member chooses initially to attend such a meeting without a representative but requests a representative during the meeting, the administrator conducting the meeting shall halt the meeting in order to schedule it for a time when a representative can attend. This policy, however, does not preclude a nurse and administrator from having normal conferences and conversations. Any suspension of a nurse pending charges will be with pay.

G. Notification of Garnishment of Wages and Child Support Reporting

1. When the District is served with notification of garnishment action against a nurse, the District will, upon receipt, inform the nurse in writing of its legal obligation to garnishee the wage.

2. Upon the hiring of any employee the District will forward, in a timely manner, information required by federal and state child support laws to the appropriate federal or state agency.

H. Electronic Devices
1. Any information gathered by electronic devices shall be communicated to the nurse in a timely manner.

2. The provisions of section (B) above also apply to the use of information obtained through electronic devices.

3. Additionally, no information used in a nurse’s evaluation report shall be gathered by electronic devices without the written consent of the nurse.

4. The District will comply with all state and federal laws.

I. Payment for Damages to Personal Property

The District recognizes that losses to personal property occasionally occur in spite of the exercise of reasonable precautions. Accordingly, if losses as described below occur, and the District finds the employee acted prudently, the District will pay an amount up to $250 per occurrence (“amount allowed”), and not to exceed $50,000 in the District aggregate per fiscal year, to be paid either to the employee for the loss or toward the insurance deductible for the loss, upon the submission of a complete claim for such payment. A claim must include evidence of a police report, report to the principal or supervisor within 48 hours of notice of the occurrence of loss, a description of how the loss occurred and a statement about what precautions against the loss were taken, and proof that an insurance claim was filed or a statement that coverage is not available.

1. Personal Assault: In the event an employee, while acting within the scope of his/her employment, has his/her personal effects such as clothing, glasses or jewelry damaged or destroyed as a result of an attack, assault, or pupil supervision problem, the District, will under District procedures, reimburse the nurse the allowed amount to repair or replace the item(s), provided such damage or destruction is not the result of the employee’s negligence.

2. Stolen Personal Items: The District will reimburse the employee the allowed amount for wallets/purses, outerwear and briefcases and contents, if appropriate, which are stolen while on school grounds.

3. Stolen/Damaged Personal Property Used for Instruction: The District will reimburse the employee the allowed amount for stolen or damaged personal property used for instructional purposes at school.

4. Damaged Property – Automobiles: The District will pay the allowed amount toward the insurance deductible for automobile damage due to vandalism providing the employee was acting within the scope of his/her employment.

J. Space for Personal Property

The District will provide a suitable space for reasonable personal effects, such as purses or briefcases in or reasonably near each employee’s office, classroom, or workspace, that may be locked or secured to inhibit theft by students, visitors or vendors. In the event an employee brings a larger personal item for use at work, specific security arrangements should be made with the building administrator if there is not adequate secure space in or near the employee’s work area.
K. **Personal Transportation**

The nurse shall not be required to transport any student in his/her personal car.

L. **District and Other Equipment and Technology**

1. When employees are issued or entrusted with District “electronic communication devices” (ECDs) which include but not limited to: Cell/smart phones, walkie-talkies, pagers and any other telecommunications devices that emits, receives or stores digital information, displays a message (e.g. computers, iPods, iPads or other tablet devices, etc.), and electronic entertainment devices like electronic games and compact disc players, the District agrees to not hold employees responsible for lost or damaged equipment and/or ECDs when the employee’s actions have been prudent.

2. When an employee, in reasonably carrying out building, worksite or District policy or procedure utilizes or takes control of student ECDs as defined in the section (L)(i) above, the District will not hold the employee responsible for loss of or damage to the student’s ECDs when the employee’s actions in the matter have been prudent and consistent with policy or procedure.

3. This provision shall sunset with the adoption of policies and/or procedures based on recommendations from the Technology Task Force.

M. **Protection and Safety**

1. The District and the Association agree that schools need to be orderly, peaceful environments where high quality education can take place without the fear of physical and/or verbal violence.

2. In order to meet the goal of having safe schools for employees and students while protecting the integrity of the learning environment, there must be policies and procedures that address the various aspects of school safety.

3. It is not the intent of this policy to discourage individuals or groups from providing nurses with feedback, either positive or negative, regarding parents’ or their children’s concerns about the quality of nursing services clinic atmosphere, discipline, or interpersonal communication, or other relevant issues.

4. The integrity of the instructional process and the delivery of related nursing services should be paramount in the school system. Nurses should not be required to meet with parents during clinic hours if that interaction would interfere with the delivery of time sensitive or essential nursing services. If parents attempt to address concerns regarding their child with the nurse while the nurse is engaged in performing other essential functions, the nurse may direct the parent to either set-up an appointment or to contact an administrator.

5. When concerns are shared in a hostile manner through the use of abusive language, insults, threats, or loud discourse, the nurse is not obliged to continue.

6. Harassment/intimidation exists if an individual or group:
   a. Directs personal insults (whether transmitted in writing, orally, or by electronic
means) that are likely to incite an immediate adverse response from the person(s) being addressed.

b. Threatens the employee with physical harm or actually harms a person.

c. Damages, defaces or destroys private property of any person.

d. Commits an act of harassment or intimidation (as defined by statute).

e. Places a person in position of feeling at risk of emotional or psychological harm.

7. Staff members, who believe they have been the subject of harassment and/or intimidation, or who have witnessed harassment and/or intimidation, will report the incident immediately to the principal or designee. The results of any investigation will be reported to the complainant and further action, as deemed appropriate, will be taken (which may include reporting the incident to law enforcement authorities).

These copies remain the property of the school, and will be updated annually by the respective department or building.
   e) The District will provide the CCEA with one hundred fifty (150) printed

It is understood that there will only be one President for the Cherry Creek Education Association, Incorporated.

ii. The Association shall be granted association leave each school year for its identified members to attend workshops, conferences, and other activities of the Association and its state and national affiliates. The Association shall approve such requests. For such days, the Association will pay the actual substitute nurses cost including PERA and Medicare, and the District will pay the per diem cost of
the individual taking the leave.

iii. Association leave will be exclusive of time necessary for nurses to testify at grievance hearings under Policy 4736 except as stipulated in Policy 4736, Section (D) (5).

iv. Exceptions may be made upon mutual agreement.

g. **Political Activities**

The Association may distribute the organization's political positions through the same means provided for the distribution of other official organizational communications so long as that communication is clearly identified as the official position of the Association, provided that this paragraph will not apply to the use of the District's inter-school mail service, and said service will not be used to distribute material relating to the Association's political positions or material on behalf of EDPAC or any local political action committee.

h. **Payroll Deductions for Membership Dues**

i. The District will deduct in equal monthly installments from nurses’ salaries the dues for the Association as nurses individually and voluntarily authorize, and will transmit the monies to the Association.

ii. Such payroll deductions will be continuous from year to year for those nurses who have signed a continuing membership application and payroll deduction authorization form. Nurses may withdraw their request for payroll deductions by notifying the District prior to the 10th of any month.

iii. The Association will notify the District prior to September 1 each year of the current rate of membership dues. The Association will submit authorization forms of new members to the District Payroll Office prior to the 10th of each month for dues to be deducted from that new member's payroll that month. The District will provide to the Association, on or before the last day of each month, a complete list of nurses for whom dues are being deducted and a list of nurses who dropped their membership that month.

iv. In administering the District’s payroll deduction system, the District will not make any additional expenditure of public funds or resources in order to collect or transmit contributions for EDPAC or any local political action committee above and beyond the expenditures made to collect and transmit the dues for the Association.

4. **Initiating Negotiations**

A. Upon written request by the Association to the Board, or by the Board to the Association, after September 1 and no later than November 1, the Board and the Association will arrange for negotiation as provided for herein.

B. The Board will, upon the request of the Association, negotiate with the recognized Association in matters related to additions, deletions, and/or changes in Board policy as defined below. Nothing in this policy will be construed to preclude the Board from
conferring with any employee or employee organization on a policy matter. Either party may present to the other a written request to negotiate on matters related to additions, deletions, and/or changes to Board policies dealing with nurse’s salaries, wages, benefits, and other terms and conditions of employment.

C. A written response will be made by the party in receipt of the request within eight (8) working days of the receipt of such request. This written response will indicate a time, date, and place for commencing negotiations.

D. All negotiating sessions will be conducted at a time and place mutually agreeable to the negotiators named by each party, provided, however, the first meeting will be held within fifteen (15) days of the original written request unless other arrangements are mutually acceptable.

E. In the event of legislative or regulatory changes other than changes in the Colorado School Funding structure this paragraph will apply.

Notwithstanding the restrictions set forth above, in the event of a change in Colorado or Federal statute or regulation that invalidates part or all of an existing policy or procedure negotiated pursuant to this policy, or as a result of the change, the District plans to implement action(s) that will change or affect salaries, wages, benefits or other terms and conditions of employment of bargaining unit members during the term of this negotiated policy, either the District or the Association may give notice to the other of reopening negotiations regarding the affected salaries, wages, benefits or other terms and conditions of employment of bargaining unit employees. Such a notice must be given in a reasonable time prior to the effective date of the change in legislation or regulation or district action. Additionally, the District will provide the Association with at least two (2) week notification of planned action to implement a change to comply with the statute or regulation. If either party gives notice of such a reopening the other party will participate in negotiations regarding such change. Any such negotiations will be governed by and carried out in accordance with the procedures set forth in this policy.

5. **Nature of Negotiations**

a. The Board through its representatives and the Association through its representatives agree to negotiate in good faith endeavoring to reach agreement on matters open for negotiation consistent with the definitions included in the Initiating Negotiations Section above.

b. During negotiations, the Board and/or its representatives and the Association representatives will present related data, exchange points of view and proposals and counter-proposals. The respective teams will endeavor to reflect the positions of the Board and the Association.

c. If negotiations are scheduled during the school day, release time will be provided by the Board. The cost of substitutes will be paid by the Association. If impasse is declared and sessions are held during the school day, the cost of substitutes will be shared equally by the Association and the District.
d. Negotiations will be closed to the press unless both sides decide otherwise. Releases to
the media will be made jointly. This will not preclude either team communicating with
their constituents, or having members of the Board or members of the negotiating unit
from observing negotiations.

e. The composition of each team will be established at the first session. Every effort will
be made to keep the composition of each team the same. However, circumstances may
arise which necessitate a change in the team composition. That team will make every
effort to notify the other team prior to the next meeting.

6. **Adopting Recommendations**

a. Any agreement reached through negotiations will be put into written form and will be
indicated as the recommendation of the Board representatives and the Association
representatives for the approval of both parties. Such recommendation will carry the
signatures of the spokesperson of each negotiating team.

b. The recommendation becomes policy when approved by the Association and adopted
by the Board.

c. The Board cannot adopt any item of agreement which is contrary to the laws of the
State of Colorado.

d. The parties recognize that the Board must, by law, adopt a salary schedule
commensurate with its ability to fund future budgets. Therefore, in the event of a
reduction in the District’s overall revenue that may lead to the District’s inability to
fund the agreed to salary and benefits, the Board may move to reopen negotiations on
financial matters (e.g.: salary, benefits and work year) in order to achieve a balanced
budget.

e. The Association will pay for the printing of policies necessary for and prior to the
ratification vote.

7. **Mediation**

A. If, during negotiations, as described, persistent disagreement is encountered, an impasse
may be declared by either party at a negotiating session. Should impasse be in effect,
the Board in its budget-building process will provide adequate funding for all proposals
for which tentative agreement has been obtained, and consideration will be given for
proposals still under negotiation.

B. If negotiations have reached an impasse, the issues in dispute will be submitted to a
Mediator for the purpose of inducing both parties to make a voluntary agreement. A
concerted attempt will be made to find a Mediator acceptable to both parties. If such a
person cannot be found, a request will be made by either party to the American
 Arbitration Association for the names of five qualified Mediators to be submitted to the
Board Representatives and Association Representatives. The Mediator will be selected
by the parties alternately striking a name from the list of names until one Mediator's
name remains. The initial striking of a name will be done by the party who has not
requested mediation. A Mediator will be selected, contracted, and retained within
twenty (20) days of the formal declaration of impasse unless both parties agree
8. **Conducting Mediation**

A. The format, dates, and times of meetings will be arranged by the Mediator, and such meetings will be closed to the press. Releases to the media will be made jointly.

B. The Mediator will meet with the Board Representatives and the Association Representatives either separately or together.

C. To the extent that tentative agreements are reached as a result of such mediation, the procedure provided in the Adopting Recommendations Section will apply. If mediation fails in whole or in part, the Mediator will report the issues that remain in dispute to the respective parties.

D. The cost for services of the Mediator, including per diem expenses, if any, and necessary and actual travel expenses will be shared equally by the District and the Association.

9. **Fact Finding**

A. If the mediation described above has failed to bring about agreements on any of the issues submitted for mediation, only the issues which remain in dispute will be submitted to a Fact Finder.

B. In the event that the negotiating parties are unable to agree on a Fact Finder, the Fact Finder will be selected in the same manner as provided in the Mediation Section.

C. The Fact Finder will have the authority to hold hearings and make procedural rules.

D. The format, dates and times of meetings will be arranged by the Fact Finder. All meetings by the Fact Finder will be closed to the press. Releases to the media will be made jointly.

E. Within fifteen (15) days after the conclusion of such hearings by the Fact Finder, the Fact Finder will submit a report in writing to the Board Representative and the Association Representative only. Said report will set forth his findings of fact, reasoning, and recommendations on the issues submitted. The report will be advisory only and binding on neither the Board Representative nor the Association Representative.

F. Within ten (10) days after receiving the report of the Fact Finder, the Board Representative and Association Representative will meet to discuss the findings of the Fact Finder. This meeting is a continuation of the negotiations process. This meeting is closed to the press. News releases made after fact finding and prior to this meeting will be made jointly.

G. The respective parties will take official action on the report of the Fact Finder no later than ten (10) days after the meeting or meetings described above.

H. To the extent that tentative agreement is reached on the issues in dispute as a result of such fact finding, the procedures described and provided for under Adopting
Recommendations will apply.

I. The cost for the services of the Fact Finding will be shared equally by the District and the Association.

J. Either party may request that an official stenographic record of the testimony taken at the fact-finding hearings be made and a copy of any transcript will be provided to the Fact Finder. The party requesting a stenographic record will pay the costs thereof, except that if the other party requests a copy of any transcript, it will share the entire cost of making the stenographic record.

10. **Committee Involvement**

a. Task Force

1. Task Forces may be established, by mutual agreement to investigate specific problems or concerns and seek solutions to these problems or concerns.

2. The number of members shall be mutually agreed to by the Superintendent or designee and the Cherry Creek Education Association.

b. Medical Advisory Board

The District will maintain a Medical Advisory Board composed of physicians and other healthcare professionals from the community. The Nurses will have representation on the Board.

c. Other District Committees

Nurses may serve on Health Education and health-related committees at the building or District level.

**Nurse Grievance Procedures, Policy 4736**

A. **Definitions**

1. A “grievant” will mean a party who has standing to initiate a grievance and meets one of the following criteria:

   a. A Nurse or his/her representative on his/her behalf, or

   b. a group of Nurses acting collectively, or their representative acting on their behalf, or

   c. the Association acting on behalf of a group of bargaining unit members.

2. The term “grievance”:

   a. Will mean a written complaint that there has been a violation or inequitable application of any of the provisions of policies or administrative procedures,
or

b. will mean a written complaint that a nurse has been treated inequitably by reason of any act or condition, which is contrary to established Board policy or practice governing or affecting teachers, and

c. will refer only to matters in which the Board has authority to act.

3. In this policy, “Days” refers to regularly-scheduled contract days for all parties involved so that all persons needed for the matter are available.

B. Purpose

1. Good morale is maintained by sincere efforts of all persons concerned to work toward constructive solutions in an atmosphere of courtesy and cooperation. The purpose of this procedure is to secure, at the lowest possible management level, equitable solutions to the problems which arise from time-to-time. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

2. Nothing contained herein will be construed as limiting the right of any nurse having a grievance to discuss the matter informally with any appropriate member of the administration and having the grievance adjusted, provided the adjustment is consistent with Board policy.

C. Timelines for Filing Grievances

1. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the process. The time limit specified may, however, be extended or reduced by mutual agreement. Every attempt will be made to resolve grievances before the end of the grievant's contract year.

2. The maximum time allowed to file a grievance shall be thirty (30) days from the date the grievant knew or reasonably should have known of the grievable act or omission.

D. Procedures

1. **Representation:** Throughout Levels One and Two of the grievance procedures listed below the grievant may at any time:
   
a. Represent him/herself, or

b. request that the Association's Representative attend any meetings with him/her to provide advice or to speak on his/her behalf, or

c. request the Association represent him/her, or

d. request his/her own designated representative or counsel to accompany him/her or act on his/her behalf.

2. **Informal Conference:** Prior to the filing of a grievance, in an effort to resolve the issue(s), the grievant shall make reasonable attempts to initiate/discuss or an attempt

Cherry Creek School District no. 5, Greenwood Village, CO 80111 23
to initiate/discuss the issue(s) informally with the grievant’s principal or supervisor.

a. If an informal conference is held after the deadline for filing (see C-2 above), the nurse may file the grievance within seven (7) days after the informal conference.

b. The grievant has the right to file a grievance within the deadline even if an informal conference has not been held.

3. **Level One:** If not resolved through the informal conference, the grievant may file the grievance in writing with the principal or supervisor. The written grievance will state the nature of the grievance, the provision(s) of the agreement or any policy concerning terms and conditions of employment allegedly violated, and the relief requested.

   a. The time limit for a principal or supervisor to process a grievance at Level One and provide the grievant and his/her representative a written response using “Grievance Form B” (4136.2) will be seven (7) days. The seven-day period will begin when the principal or supervisor receives the written grievance submitted by the grievant.

4. **Level Two:** If the grievant is not satisfied with the written response at Level One, or a written response has not been received within the time limit specified herein, the grievant may file a written appeal to the District Administrator responsible for handling grievances. This appeal must be received within seven (7) days following receipt of the written response rendered by the principal or supervisor, or in the absence of such written response, within seven (7) days of the expiration date of the time period specified for such written response.

   a. The District Administrator responsible for handling grievances (“Level Two Administrator”), will represent the Superintendent at Level Two of the grievance procedure.

   b. Within forty-eight (48) hours, or two days, whichever is longer, of its receipt, the District will provide the CCEA President with copies of any grievances filed at Level Two (including the Level One form and the Form B response to it unless such response was not given) unless the Association is already the grievant’s representative or a party to the Level Two grievance. The District will notify the CCEA of the date and time for the Level Two hearing, and the CCEA will be allowed to have a representative present at the proceedings.

   c. The Level Two Hearing will take place at a mutually agreeable time within seven (7) days after the receipt of the written appeal from the grievant or at a later mutually agreed upon time.

   d. At the initial meeting of Level Two, the Level Two Administrator will hold a hearing at which both the grievant, with or without a representative(s) chosen by the grievant, and the appropriate administrator(s) are present.

   e. After the Level Two Hearing, the Level Two Administrator may investigate and consult with the grievant and/or the appropriate administrator(s) in an
effort to resolve the grievance.

f. Within ten (10) days after the hearing, the Level Two Administrator will provide a written document on the proposed resolution of the grievance to all parties of interest, including CCEA, setting forth the decision and its rationale.

5. **Level Three:** If the grievant does not accept the Level Two Administrator’s resolution at Level Two or a written response has not been received within the time limit specified, the Association may choose to submit the grievance directly to the Board for a hearing on the grievance or choose to submit the grievance to Arbitration.

   a. To initiate Level Three proceedings, the Association will notify the superintendent or designee in writing within ten (10) days of receiving the Level Two Administrator's decision.

   b. The names of three approved Hearing Examiners will be listed in alphabetical order. The name at the top of the list will be the Examiner used for the Level Three Hearing. If the person at the top of the list cannot serve, the second will be contacted and so on. Once a Hearing Examiner has served, that name will be placed at the bottom of the list. This person will be called upon again only if the first two cannot serve, or when that name moves upward on the list. The cost of the hearing will be shared equally by the Board and the CCEA.

   c. The Hearing Examiner will have the authority to hold hearings, collect written and verbal testimony and make procedural rules. The Hearing Examiner will have no authority to amend, modify, ignore, add to or subtract from the provisions of Board Policy. The Hearing Examiner will also be without power to issue an award inconsistent with the laws of the State of Colorado.

   d. All hearings will be closed to persons not specifically involved in the grievance. The Hearing Examiner's written report will be mailed simultaneously to the Board and the grievant within twenty (20) days of the conclusion of the hearing, and will set forth finding of fact, reasoning, conclusions, opinions and recommendations on the issues submitted. The report will be advisory only and be binding on neither the Board nor the grievant and/or representative.

   e. After conclusion of the hearing of the grievance by the Board, or after receiving the report of the Hearing Examiner, the Board will take action on the resolution of the grievance in a timely fashion at a regularly-scheduled Board meeting.

E. **Miscellaneous Provisions**

1. No reprisals will be taken against any person involved in any way in the grievance procedure by reason of such participation.

2. A class-action grievance may be filed by:

   a. An aggrieved group of Nurses from different buildings or the Association
acting on their behalf or

b. if a grievance affects a group of bargaining unit members, the Association
   may submit such a grievance, and

c. a class-action grievance must be filed in writing by a group of bargaining unit
   members or by the Association leadership on behalf of a group of bargaining
   unit members within thirty (30) contract days following the act or condition
   that is the basis of the grievance and the grievance shall begin at Level Two.
   The procedures of this policy, as outlined in Level Two, and Three shall be
   followed for class-action grievances.

3. All written and printed matter dealing with the processing of a grievance will be
   filed separately from any other personnel files/record(s) of the participants.

4. At all steps of the process, the District and the grievant will make available to one
   another all information permitted by law which is in their possession or control, and
   which is relevant to the issues raised by the grievance upon request. Such
   information will be provided no later than two (2) days after a request for the
   information has been made and not later than two (2) days prior to any hearing
   provided the request is made at least four (4) days prior to the hearing.

5. When necessary at Level Two and Level Three for the grievant to attend a meeting
   or a hearing called by the Board, the Administration, or the Hearing Examiner, the
   Principal(s) of such nurse(s) will be notified, and he/she will be released without loss
   of pay for such time as attendance is required. If substitute nurses are needed, the
   cost will be shared equally by the grievant and the Board. Association leave will be
   charged where applicable for the Association's Representative, serving as the
   grievant's representative, or at Level Three as the Association's Representative.

6. Failure at any level of this procedure to appeal a decision in writing within the
   specified or mutually agreed upon time limits will indicate the forfeiture of the right
   of the grievant to proceed further in the grievance procedure, and the grievance will
   be considered settled, based upon the decision as stated in the previous step of the
   procedure.

7. The District and the Association will select a mutually-acceptable list of three (3)
   permanent Hearing Examiners. This list of individuals will be reviewed and updated
   annually.

8. Any provision of this policy may be modified if the parties mutually agree to do so.
   Such agreement(s) should be in writing.

9. This procedure will not abrogate the rights and responsibilities of the Board under
   the provisions of the Nurse Employment, Compensation, and Dismissal Act of the
   State of Colorado or other applicable laws.

F. Additional Provisions

1. The terms of this policy will continue in full force and effect unless changed through
   the negotiations process as set forth in Policy 4734.
2. If any provision of this policy is found contrary to law, then such provision will be deemed null and void, but all other provisions or applications thereof will continue in full force and effect.

3. Upon mutual agreement, this policy may be renegotiated in whole or in part at any time during the life of this policy.

4. Any additions, deletions or revisions to this policy will be distributed to those affected, and be in effect after ratification by the Association membership and adoption of the Board.

5. Neither the recognized Association nor the Board can refuse to negotiate this policy at the next requested round of negotiations, following the timeline set forth in Policy 4734, if this policy is included in the request. If the issues are unresolved as a result of the negotiations using all relief provided in Policy 4734, the provisions will remain in effect (except as provided elsewhere in this section) through the remainder of the nurses' annual contract year.

Nurses’ Pilot Model for Short-Term Assignments, Memorandum of Understanding

District Model Pilot:

The District will continue to strive to have a nurse assigned to each school site, with the exception of the continuation of current assignments involving some designated pairs of low enrollment schools or groups of educational programs (based on current programming).

If the District is unable to fill one or more school nurse positions and a substitute nurse is not available for such an assignment, until a nurse can be hired for the position, the following factors shall be applied for the short-term assignment:

- The short-term assignment is intended to be a temporary change in assignment and will not exceed one school year. In the case of a volunteer to a short-term assignment, the parties may agree to make the assignment on-going if the nurse and the affected principals agree to do so prior to the position being filled by an external applicant.

- The District will post all positions requiring short-term assignments and such assignments will end when a nurse is hired for the posted vacancy or at the end of the school year during which the short-term assignment was made. At the conclusion of the short-term assignment (either at the end of the school year or when a nurse is hired to fill the vacancy), the nurse in the short-term assignment will return to her/his original assignment.
The first priority shall be to have a nurse assigned to each secondary school. It is the intent of the District to maintain the level of health technician support in these schools at current levels. The District will make every effort to do so.

As soon as the need for a short-term assignment is identified, the Designated District Administrator (“DDA”) will send a request to all current nurses for volunteers to assume a secondary school opening or the additional paired school. All such short-term assignments shall be disseminated at the same time if more than one is needed. Any elementary nurse interested in volunteering shall be required to respond within two working days. To ensure maximum flexibility in serving student needs, the DDA shall consider the qualifications of any or all interested volunteer(s) first, and then those of any other nurse prior to making a short-term assignment. The DDA will then notify the nurse who will be assigned to the short-term assignment. The DDA will notify any nurse or nurses who volunteered as to the disposition of the short-term assignment opening.

In instances of involuntary, short-term assignment of a nurse, the determination of which nurse to work with the paired schools will take into account such factors as proximity of the schools to each other, preference for pairing schools in the same feeder area, pupil count, acuity, presence and size of preschools as well as before and after school programs, and ILCs or the presence of other student achievement services programs in either building. A full-time health technician will be paired with a nurse in each short-term assignment. In order to best meet the needs of students and the schools, the nurse will consult with the DDA in determining a schedule to cover those needs. This scheduling shall include reasonable protocols for urgent/emergency situations.

This scheduling shall also include consultation with the DDA and building principals regarding allotted time for the nurse to ensure that the nurse can fulfill legal responsibilities for supervision of delegatees. In addition, the DDA shall ultimately determine if additional health technician support is needed on a case-by-case basis.

Nurses in regularly paired schools or with multiple program assignments may volunteer but will not be involuntarily assigned to a short-term assignment.

The DDA shall consult with the nurse regarding the assigned health technician prior to and during any short-term assignment. The training, preparation to meet qualifications for delegation, and support of the health technician is primarily the responsibility of the DDA. To the extent possible, the nurse will assist in this process. Nurses will share delegation concerns, should they arise, with the DDA, and the two shall jointly plan to address any such concerns. The DDA shall be ultimately responsible for health technician hiring, initial training, and termination from employment. Nurses may volunteer to be part of the hiring and training processes and shall be informed of such opportunities.

Nurses who assume responsibilities for a new building and/or a pairing of elementary buildings shall be provided a minimum of two working days of transition time with the health technicians and/or the nurse previously in the
Additional flexibility and/or support for transition and training may be provided by the DDA if requested by the nurse or health technician.

- In order to work as a health technician, the individual must be capable of receiving delegation responsibilities under the nurse’s license. The District will not require any nurse to delegate to any individual.
- While no additional pay will be provided to nurses covering paired buildings, such nurses will receive mileage reimbursement and a District-provided cell phone for work-related purposes.
- This pilot will not be implemented in cases of a nurse on a short-term leave (i.e. sick or general leave).
- Nurses who are reassigned to a short-term assignment in a secondary school or assigned to more than one site shall have their evaluations modified to reflect this modification to their assignment.
- Every effort will be made to avoid assigning a nurse in his/her first two (2) years of employment in the District to paired schools. This provision is not intended to prevent a nurse from volunteering for a short-term assignment, however.

This Memorandum of Understanding will apply in the 2017-2018 school year.

Transfer, Policy 4715

Voluntary Transfer Procedure

When a nurse vacancy occurs within the District, it shall be posted in accordance with Administrative Procedure 4715.1. Any nurse currently employed within the District who applies will be given serious consideration.

Involuntary Transfer Procedure

The District and the Association recognize that from time to time, involuntary transfers become necessary. It is agreed, that under normal circumstances, involuntary transfers should be held to a minimum.

Involuntary transfer, as it relates to this policy, shall mean a District initiated transfer from one school to another that becomes necessary due to enrollment decline or program change.

Procedure

Step 1 Request for volunteers

Information about available positions will be shared with the nurses who are subject to being involuntarily transferred and a request made for volunteers who would be willing to be placed in those positions. If a nurse volunteers, who in the judgment of the
principal and the Office of Student Achievement Services, is qualified and meets the requirements of the position, the Executive Director of Human Resources will make the assignment. If more than one person volunteers, consideration will be given to all volunteers and after consultation with the principals of the sending and receiving schools, the Office of Student Achievement Services and the Executive Director of Human Resources will make the assignment based on the following:

1) Consideration of unique qualifications based on the needs of the school/program.
2) Length of service as a school nurse within the District.

**Step 2**  **Identification of non-volunteers**

In the event no one volunteers, the District administration will identify the nurse(s) who meet the needs of the position(s) and will notify the nurse(s) involved within 30 days of the decision and every attempt will be made to assure as smooth a transition as possible. When identifying and assigning non-volunteers, the District will consider the following:

1) Unique qualifications based on the needs of the school/program.
2) Length of service as a school nurse within the District. (the nurse with the greatest length of service will remain in the current position)

Revised: September 24, 2014
Adopted: June 15, 2015
Effective: July 1, 2014

**Nurse Transfer Procedure, Administrative Procedure 4715.1**

When a nurse position becomes available within the District, any qualified nurse will be given consideration.

In order that this may be realized, all nurses must follow the procedure as listed.

Please use the following transfer procedure to assure consideration of in-District nurses in filling all vacancies.

**Step 1:** The Office of Human Resources will post vacancies as soon as possible after receipt and approval of the Personnel Requisition.

The vacancy announcement will be posted on the District’s website for a period of eight (8) calendar days.

**Step 2:** Those interested in specific transfer opportunities must submit an online Transfer Request form to the Office of Human Resources no later than 4:00 p.m. on the closing date of the vacancy.

a. Online Transfer Request forms are available on the District’s website.

b. Kiosks with computers are available in the Office of Human Resources for District employees to submit an online Transfer Request form.
c. The Office of Human Resources will electronically acknowledge receipt of the online Transfer Request form.

**Step 3:** Following the closing date, a list of all transfer applicants will be available online to the appropriate building administrator and/or Director of Nursing Services, or designee, for review.

**Step 4:** The administrator and/or Director of Nursing Services, or designee, will consider all applicants for a vacancy and select applicants for interviews based on their qualifications for the vacancy.

**Step 5:** Within thirty (30) calendar days, the building administrator and/or Director of Nursing Services, or designee(s), must decide to:

a. Recommend a candidate to fill the vacancy, or

b. Cancel the vacancy, or

c. Request the Office of Human Resources to repost the vacancy or position, or

d. At the request of the Assistant Superintendent of Human Resources, or designee, the thirty (30) days period may be extended to accommodate unusual circumstances.

We recognize the fact that informal communication between administrators and potential applicants may occur in an effort to secure the most highly qualified staff possible. This should not, however, interfere with consideration of all in-District transfer requests.

**Reduction of Nurses, Policy 4760**

When the District experiences a decline in student enrollment and/or a fiscal exigency of such magnitude that a reduction of force is justified, it will be the policy of the Board to follow the procedures listed below to guarantee the most equitable situation for the nurses involved.

**Procedures**

1. Should the District allege the need at any time for contract cancellations due to a reduction of position(s), the affected nurse(s) and the Association, if requested by the Association, will be notified of the conditions necessitating the reduction in force at least forty working days before the anticipated reduction. The Superintendent will furnish the Board and the Association with identical facts, figures and relevant data justifying the proposed reduction in force.

2. The District must attempt to avoid reductions in force by reducing the number of employees through attrition. Attrition will include retirement, resignations and extended leaves of absence.

3. Every attempt will be made to reassign qualified nurses to other nurse positions in the District for which they are qualified in order to avoid reductions in force.
4. If reassignment is not possible, nurses will be reduced based on:
   a.) satisfactory evaluations/appraisals
   b.) experience as a school nurse in the District
   c.) overall health services program needs
   d.) input from supervisors
   e.) length of service in the District
   f.) other factors which may be identified at the time and applied to all nurses

The criteria will be considered in the order above unless either party requests a panel to be convened to consider special program needs which might impact the application of this section of the policy. The panel shall consist of two members of the nurses' association, the Director of Pupil Services or designee, and the Assistant Superintendent of Human Resources or designee.

5. One year of in-district service will be counted for a full semester or 90 working days or more as a school nurse in the District. Board approved leaves of absence do not constitute a break in service, however, the time of such leave is not counted when calculating years of service.

6. If a nurse wishes to challenge the contract cancellation, a grievance may be commenced at Level 2 using the Grievance Procedure found in Policy 4736.

Recall Procedure

1. A nurse whose contract has been canceled is eligible to use the Grievance Procedure, commencing at Level 2, if a dispute arises regarding these recall provisions.

2. A nurse will remain on the recall list for two years from the date of his/her contract cancellation.

3. The District will not hire a new nurse to fill a position for which a nurse on the recall list is eligible.

4. When a position becomes available, qualified nurses whose contracts have been canceled will be recalled in the reverse orders of their contract cancellation.

5. A nurse will be notified of recall by certified letter. Copies of all recall letters shall be sent to the Association. The recalled nurse will have 14 calendar days from the receipt of the notice to accept the position. If the nurse does not respond in writing within 14 days, he/she will be deemed to have refused the position and will be removed from the recall list. The nurse has the obligation to inform the District of his/her current address.

6. A nurse recalled within two years will be placed on the salary formula and given full credit for previous Cherry Creek school nurse experience and education as in Policy 4741.

It is also recognized that nurses new to the District serve a two year probation period during which the District may terminate a nurse whenever it is determined that such a separation would be in the best interests of the District in its sole judgment. Again this decision may be independent of determinations made through this procedure and need not be for just cause within the meaning of Policy 4735 nor is it subject to the grievance procedure of Policy 4736.

Criteria For Evaluation For School Nurses

A. Criteria and Data Sources for Evaluation

There are four performance domains used for evaluation and improvement of nurse performance. The Nurse Evaluation Record describes the performance areas and lists the performance standards required to demonstrate satisfactory/proficient performance.
Any nurse performance area evaluated as unsatisfactory must be documented with reference to the evaluation criteria in the Nurse Evaluation Record.

If a nurse is in a unique position that requires different components for the evaluation, those components must be identified and explained to the Health Services Coordinator (HSC) and the nurse being evaluated prior to the initiation of the evaluation process.

Data sources for evaluation reports include direct observation, records review, reports and multiple measures of student and clinic outcomes and may include but are not limited to the following:

- Discussions/conferences with nurse

Part Two - Evaluation Process

1. Definitions

The following definitions shall be used for purposes of clarity in this policy only:

“Evaluator” - The term “evaluator” refers to those individuals who hold a proper Colorado administrative license and have received training in the District’s nurse evaluation process.

“Probationary Nurse” - Is defined as a nurse who has not completed two full years of continuous employment with the Cherry Creek School District and who has not been reemployed for the third year per provisions of Policy 4710.

“Nurse” - Is defined as any person who falls within the definition of school nurse in Policy 4708.

“Performance Domain” - Is a distinct aspect of the school nurse’s role or realm of activities identified which forms a basis for the evaluation of a nurse.

“Unsatisfactory Performance” - For purposes of this policy, “unsatisfactory performance” shall be defined as fifty percent (50%) or more of the components within at least one of the four domains being rated unsatisfactory.

A. Procedure for Evaluation

All licensed nurses are evaluated according to the following procedures:
1. **Nurses to be evaluated.** During both of the first two (2) years of employment, the District will evaluate every first and second year nurse (i.e., probationary nurses). Non-probationary nurses must be evaluated at least once every three years. The evaluator or a nurse may initiate a formal evaluation of the nurse anytime with notice.

2. **Notification of nurses and evaluators.** The Health Services Coordinator will identify the nurses to be evaluated each year and inform the nurses selected as well as the Office of Human Resources. Human Resources will in turn notify the evaluators of those nurses. Each nurse will be assigned to an identified evaluator. In those cases where a nurse is assigned to more than one facility, the Office of Human Resources will identify the administrator who will be responsible for the evaluation of the nurse. In addition, input into the final report shall be provided by an evaluator from each facility where the nurse is assigned.

3. **Initiating the Process.** The nurse evaluation process will commence within the first 30 workdays of the nurse’s work year with an explanation of the evaluation process designed to create a common understanding of the nurse evaluation process among the nurse, the evaluator/s and the Health Services Coordinator. This may be structured as an initial in person conference or a number of communications including video conference via DVD, internet or the like supported by phone conference, email or like methods. The conference may include the option of a live conference with two way communication or recorded material with options for answering questions or providing other necessary follow-up. This communication should include the following:

   i. Explanation of the evaluation process including the domains and components in the final evaluation document
   ii. A review or list of documents to be used in the evaluation
   iii. Explanation of the Clinic Criteria form (for first year nurses) and the Nurse Evaluation Record
   iv. Identify supporting documents or artifacts that will or may be used in the process
   v. Method for getting answers to questions or concerns.

4. **Probationary Nurses.** Nurses in their first year of service in Cherry Creek Schools will be evaluated only on the essential components identified on the Nurse Evaluation Record (Standard Plan, see below). These essential elements have been aligned with the topics covered in the nurse orientation process handled by nurse mentors which utilizes the Clinic Criteria Form mentioned above.

   After the first year probationary nurses will be evaluated on all components covered in the Nurse Evaluation Record (Standard Plan). Observations made by the District nurse mentors during the nurse orientation process shall not be used in nurse performance evaluations. To ensure that the nurse-mentor relationship retains the necessary degree of trust and that nurses are provided an environment conducive to open communication and hence improvement from mentor assistance, mentoring observation records will be kept separate from performance evaluation records.

5. **Evaluation Plans For Probationary and Non-probationary Nurses:**

Cherry Creek School District no. 5, Greenwood Village, CO 80111
Note: Please see Memorandum of Understanding title “Evaluations of Satisfactorily Performing: a) Non-Probationary Teachers, b) Non-Probationary Nurses and c) Mental Health Employees With More Than Two Years of Experience in the District.

i. Plan 1 – Standard Plan. The rubric based evaluation plan which provides a list of domains and components on which a nurse is evaluated is the Standard Evaluation model for nurses. The plan is required to be used for first and second year nurses and may be used for non-probationary.

ii. Plan 2 – Goal Setting Plan. The Plan 2 process is intended as an alternative to the Standard Plan for satisfactorily performing nurses. It is not intended to be an addition to the comprehensive process of Plan 1. Within this Plan the nurse, the evaluator and the HSC should collaboratively develop a professional goal and supporting action plans designed to improve the delivery of health services and/or the professional development of the nurse. This plan culminates with a self-evaluation of the success of the plan, an evaluator’s analysis and summary, and a plan for growth or improvement when applicable.

6. The Nurse will be responsible for:
   - Reading and becoming knowledgeable of the School Nurse Performance Evaluation Procedure as described in this policy,
   - conferring with the principal or designee(s) and the HSC regarding the evaluation process and report,
   - developing and implementing strategies to improve performance areas identified during conferences and/or within the evaluation report/s, and
   - contacting the Health Services Coordinator for support as needed.

7. The evaluator and the Health Services Coordinator will be responsible for:
   - Engaging in ongoing conversations with nurses regarding both positive performance as well as concerns since the summative evaluation report and its process should not be the first place concerns about the nurse’s performance are raised,
   - implementing the individual nurse evaluation plan (Plan 1 or Plan 2),
   - supervising the evaluation process,
   - identifying performance areas needing improvement when necessary and giving specific recommendations for improvement, and
   - ensuring the contents of evaluation reports are an accurate reflection of the nurse’s performance.

8. Interim Feedback. Recognizing the value of timely feedback, the evaluator and/or the Health Services Coordinator will identify a number of high priority performance components on which the nurse’s performance will be assessed during the first half of the year. The HSC and/or the evaluator will provide initial feedback regarding the nurse’s performance on these components by the end of January. The initial feedback shall be provided in writing on the Nurse Evaluation Record, the Clinic Criteria Form.
(first year only), or other document. The HSC and evaluator will be available to discuss this feedback and answer any questions or concerns in a timely manner.

9. **Final Evaluation Report.** The final evaluation report is due to, and must be submitted to Health Services and Human Resources fully completed and signed (or acknowledged) by May 15. At least five (5) work days prior to the submission deadline the evaluator must provide a draft evaluation report to the nurse and be available for conference or discussion to clarify any questions or concerns. The content of the final evaluation report must have been presented to and reviewed with the nurse prior to submission.

10. Nurse evaluation reports must be signed by a properly licensed and trained administrator as well as the nurse. The nurse’s signature will indicate that the information was received; it will not necessarily indicate the nurse’s agreement with the contents of the report in whole or in part. The evaluator will provide a copy (hard copy or electronic) of the final evaluation report to the nurse, the office of Student Achievement Services for review and to the Office of Human Resources where it will be placed in the nurse’s personnel file.

11. Nurses who wish to respond to the evaluation report may do so by providing a written copy of the response to the evaluator and the Office of Human Resources, where it will be placed in the nurse’s personnel file.

12. The process of conducting evaluations shall be handled so as to observe the legal and constitutional rights of the nurse. No evaluation information shall be gathered by electronic devices, such as remote-video microphones, cameras or recorders, without the consent of the nurse.

13. One element of professional evaluation is setting goals. Therefore, a part of the evaluation process shall include the nurse and evaluator jointly agreeing to one or more goals annually. Such goal-setting should occur in relation to the nurse’s professional development, growth/improvement plans, as well as building or District health or safety initiatives, themes or priorities. Nurses and evaluators are encouraged to harmonize and align goals based on these various sources.

14. The evaluator must complete the Nurse Evaluation Record prior to recommending that a nurse be moved from the evaluation process to the Improvement Plan process. The evaluator must follow up such recommendation by informing the principal (if applicable) who shall inform the principal’s supervisor and the Offices of Student Achievement Services and Human Resources of this recommendation.

B. **Process for Addressing Unsatisfactory Ratings**

1. When the evaluator rates one or more components on a nurse’s Nurse Evaluation Record to be unsatisfactory, the evaluator will develop a Goal for Improvement to address the area needing improvement. The evaluator may require that the nurse repeat the Standard Evaluation Plan I the following school year to ensure that component(s) needing improvement are addressed and that the nurse does indeed improve in the targeted component(s).
2. If the evaluator determines that the nurse’s performance is unsatisfactory, the principal or site administrator will contact the HSC to collaboratively develop an Improvement Plan for the nurse. This plan will specifically address those components that are deemed unsatisfactory, include correlating support resources, and specify a reasonable timeline for implementation not less than thirty (30) working days. When the plan is finalized, the nurse will repeat the Standard Evaluation Plan I over the following ninety (90) day period.

3. At the end of the ninety (90) day implementation of the Standard Evaluation Plan I, if the principal or site administrator does not observe satisfactory performance in the targeted components, the principal or site administrator will confer with Human Resources to determine a course of action. If the principal or site administrator determines that performance in the targeted areas is satisfactory, the nurse will return to the normal evaluation cycle.

Appraisal Procedures, Administrative Procedure 4737.1

1. The nurse and the building administrator will schedule an initial conference within the first six weeks of the year to review the performance responsibilities of the nurse.

2. Formal and/or informal observations may be used by the building administrator to appraise these performance responsibilities.

3. Written and/or verbal feedback should be given to the nurse about the observations.

4. First-year nurses will be appraised two times during their first year of employment, all others will be appraised once per year.

Nurse Evaluation: Memorandum of Understanding

Policy 4737

The Cherry Creek School District Board of Education may adopt the new state model evaluation tool/rubric to be used beginning school year 2014 - 2015. If it does, the parties agree that Policy 4737, Administrative Procedure 4737.1, and any other MOU, policy, or procedure related to Nurse evaluation will be suspended to the extent that they conflict with the adopted evaluation tool/rubric. The parties further agree to the following if the Board adopts a new evaluation system:

1. The parties agree to work together to incorporate into any new evaluation system portions of Policy 4737, et al. that are consistent with the new evaluation procedures and related forms.
2. Each party agrees to engage in regular communications regarding the evaluation process and its implementation. Such regular communication shall be conducted through the Superintendent and CCEA President, or their designees.

3. The parties agree that procedures for the new evaluation system, including existing Policy 4737, shall be the subject of negotiations during the 2017-2018 school year.

Site-Based Management Model, Memorandum of Understanding

I. Purpose

In an effort to improve and support student learning and achievement, each site, which directly serves students, will develop a written site-based management model.

In order to achieve the purpose above, this memorandum of understanding is intended to:

1. Clarify the decision-making process at each site.
2. Invest people in site decisions.
3. Empower people to participate in site decisions.
4. Allow for on-site resolution of site concerns.

II. Model

The site-based management model developed at each site must address the participants in the model, the structure through which the site reaches shared decisions, and the levels of involvement in the model. These elements must be developed and implemented during the 95-96 school year.

A. PARTICIPANTS in the model shall include but not be limited to:

   1. Parent/Community
   2. Staff/Teachers
   3. Students
   4. Administrators

B. This STRUCTURE should recognize the importance of empowering people in the decision-making process while recognizing the responsibility of the principal as the final decision-making authority.

   The components of this structure shall include but not be limited to:

   1. How committee or other structures are determined.
   2. How frequently meetings occur.
   3. How topics are introduced and studied.
   4. How decisions are reached.
   5. How dissenting opinions are addressed.
6. How information is shared.

C. The LEVELS OF INVOLVEMENT in the model would describe the opportunities and options individuals would have for participating in a given decision-making process.

An example of these levels might include but are not limited to:

1. **Accountability - Decision-making:**
   “I want to serve on a decision-making committee.”

2. **Responsibility - Taking action:**
   “I will attend sessions to initiate input.”

3. **Consultation - Asking for opinions:**
   “I want to get information from the group and respond.”

4. **Information - Hearing about decision:**
   “I want to know when the decision is made and I will comply.”

III. **Topics/Issues**

The TOPICS/ISSUES to be brought to the model shall include but not be limited to:

1. Structure and use of planning time
2. Class sizes/loads
3. Staffing design building-wide (by level, by team, or by department)
4. An annual review of site committee structure
5. Site issues related to special education inclusion
6. Site staff development (including the use of non-contact days)

IV. **Procedural Considerations**

A. The site-based management model developed will be disseminated in written form throughout the site community.

B. No appeals or waivers of District policy shall be considered for the term of this memorandum of understanding.

C. The CCEA and the Division of Performance Improvement or District designee will address concerns about whether or not the site-based management model is in use. Written concerns about whether or not the site-based management model is in use may be directed to the Superintendent or CCEA President.

This memorandum of understanding will be reviewed by June 30, 2020, and may be continued by mutual agreement of the parties.

Compensation, Benefit, and Leave Information
Nurses Salary Schedule, Policy 4741

A. Initial Salary Placement

1. Nurses shall be placed on the salary schedule according to their level of education attainment and years of experience as paid during the 2001-2002 school year or substantiated through proof of years earned and/or education attained.

2. Effective July 1, 2002, the Human Resources Department will recognize verified previous nursing experience and the nurse will advance one (1) vertical step on the salary schedule for each year of recognized service, up to a maximum of five (5) steps, i.e., placement up to step six (6) on the salary schedule in the appropriate educational column.

3. The salary schedule will recognize previous nursing experience provided the nursing experience meets one or both of the following conditions:
   a. If the experience occurred (is) in a public school the following applies:
      i. The nursing experience must have occurred while the nurse held a valid nursing certificate/license issued by that state.
      ii. One (1) full semester or more for four (4) or more hours per day will be considered as one (1) year of out-of-District experience.
   b. If the experience is in non-public schools and/or a clinical setting, the following applies:
      i. Six (6) months or more of full time experience during a twelve (12) month period will be considered as one (1) year of out-of-District experience.

4. New employees will be given credit for the highest degree earned that is recognized by the salary schedule. Additional educational credits must be earned after attainment of registered nurse licensure and be verified through transcripts or similar documentation.

5. Returning Former Nurses.
   a. If a nurse resigns from the District and is re-employed within four (4) years, the nurse will be given full credit for in-District experience and full credit for out-of-district experience up to the limits of this policy (A)(2)(3) above and commensurate with the nurse’s educational attainment.

B. In-District Credit

The salary schedule will grant vertical movement upon completion of each successful year of nursing experience. Vertical increases are not automatic, but are awarded on the basis of successful experience only for each school year as interpreted, evaluated, and administered by the Office of the Superintendent.

One year of In-District experience will be granted for nurses who work four or more hours per day either for a full semester or fifty percent (50%) or more of the regular contract as defined in Policy 4716.
C. **Horizontal Movement on the Salary Schedule**

Credit for contact hours or college credits will be submitted to Human Resources for credit on the salary schedule. Changes in salary will be effective the day the forms and documentation were received in the Office of Human Resources. Contact hours or college credit must be accumulated in an amount that equates to advancement on the salary schedule before being submitted to Human Resources.

Conversion to semester hours, as recognized on the schedule, is in accordance with the table below:

- One (1) semester hour = fifteen (15) contact hours
- One (1) CDE equivalent to a semester hour = fifteen (15) contact hours
- One & one-half (1\(\frac{1}{2}\)) CEU equivalent to a semester hour = ten (10) contact hours

D. **Annual Salary**

The annual salary for each nurse will be computed by adding the daily per diem salary approved for each of the contract days on which the nurse is scheduled to work. The per diem rate is computed by dividing the appropriate annual salary as shown on the salary schedule by 185 days.

This space intentionally left blank.

E. **Additional Pay for Additional Responsibilities**

Additional pay will be approved for additional responsibilities, which exceed the normal job requirement and/or hours. Pay requests for such additional activities must be approved by the building principal or Student Achievement Services before such an activity has taken place.

Nurses will be eligible to receive supplementary pay as outlined in Teacher Policy 4142 and/or Responsibility Factor pay as outlined in Teacher Policy 4141. All criteria (as applicable) must be followed.

F. **Longevity Schedule**

A nurse becomes eligible for longevity payments after being employed by the District as a nurse for fourteen (14) years. At the end of the fifteenth (15th) year of service, the nurse shall receive longevity pay in a lump sum according to the schedule shown on the bottom of the salary schedule.

G. **Pay Cycles**

1. All nurses employed as of July 1, 2015, will be paid from August through July in twelve (12) monthly installments. This cycle shall remain consistent for the teacher’s career in the District.

2. All nurses entering the District in their first year shall be offered the option to have their annual salary divided over thirteen (13) months provided they work at least fifteen (15) contract days in the month of their first payment. At the end of the nurse’s first year of employment, the teacher shall be paid from August through July.

With the exception of those nurses in their first year of employment in the District who choose the preceding option, all nurses will be paid the same annualized salary based on their Salary Schedule placement in twelve (12) monthly installments.

Negotiations and Multi-Year Agreement, Memorandum of Understanding

The parties have reached a three (3) year agreement commencing on July 1, 2017, and ending on June 30, 2020. This Memorandum of Understanding (MOU) sets forth the agreement of the parties with respect to the matters addressed herein. To the extent that there is an inconsistency between the provisions of this MOU and any Negotiated Policy, the terms of this MOU shall control with respect to the matter at issue.

1. For the 2017-2018 school year only, members of employee groups covered by this MOU who are paid on the teacher salary schedule and who are eligible to do so, will receive normal vertical and horizontal movement on the salary schedule according to the provisions of Policy 4141-F and Policy 4141-G. In addition, there will be a percentage increase to all cells of the salary schedule equal to 3.3%. This percentage increase shall also be applied to the other “add-on” forms of compensation for those eligible included in Policy 4141 [i.e., curriculum pay, responsibility factor (RF) pay, student achievement incentive plan pay, and maximum salary increase].

2. For the 2018-2019 school year only, it is the parties’ intention, subject to the limitations set forth herein, that members of employee groups covered by this MOU who are paid on the teacher salary schedule and who are eligible to do so, will receive normal vertical and horizontal movement on the salary schedule according to the provisions of Policy 4141-F and Policy 4141-G and that there will be a percentage increase to all cells of the salary schedule (as well as the other “add-on” forms of compensation included in Policy 4141, referenced in paragraph 1 above) equal to the percentage change in the Per Pupil Revenue (“PPR”) (as that term is defined in the 1994 School Finance Act, as annually amended, used to calculate the cost of living adjustment to salaries under Policy 4141) compared to the prior year’s PPR. If the PPR percentage change is negative, the increase will be 0%. If the PPR percentage change is greater than the Denver-Boulder Consumer Price Index (CPI) percentage used by the legislature in its budget calculations, the increase will be the CPI percentage.

In addition, the parties agree that during bargaining in the 2017-2018 school year for the 2018-2019 negotiated agreement, the following issues shall be subject to automatic reopening: compensation and benefits not related to the above (ex. supplemental pay, benefits); and language items identified during negotiations for the 2017-18 school-year; i.e., mental health status, evaluation language (T, SSP, N, MH), RIF, clarification on benefits contributions termination, clarification on matters of time (time during the day, planning time, time reductions, changes in start/end times), Career Technical Education (CTE) flexibility, innovation waivers, and administrator on teacher bullying prevention.

Each party may also bring one additional non-financial item in 2017-2018 negotiations for the 2018-2019 negotiated agreement.

3. For the 2019-2020 school year only, it is the parties’ intention, subject to the limitations set forth herein, that members of employee groups covered by this MOU who are paid on the teacher salary schedule and who are eligible to do so, will receive normal vertical and horizontal movement on the salary schedule according to the provisions of Policy 4141-F and Policy 4141-G and that there will be a percentage increase to all cells of the salary schedule (as well as the other “add-on” forms of compensation included in Policy 4141,
referenced in paragraph 1 above) equal to the percentage change in the Per Pupil Revenue (“PPR”) compared to the prior year’s PPR. If the PPR percentage change is negative, the increase will be 0%. If the PPR percentage change is greater than the Denver-Boulder Consumer Price Index (CPI) percentage used by the legislature in its budget calculations, the increase will be the CPI percentage.

In addition, the parties agree that during bargaining 2018-2019 school year for the 2019-2020 negotiated agreement, compensation and benefits not related to the above (ex. supplemental pay, benefits) shall be subject to automatic reopening, and if they are not resolved during bargaining for the 2018-2019 school year, the following issues shall also be subject to automatic reopening: language items identified during negotiations for the 2017-18 school-year; i.e., mental health status, evaluation language (T, SSP, N, MH), RIF, clarification on benefits contributions termination, clarification on matters of time (time during the day, planning time, time reductions, changes in start/end times), Career Technical Education (CTE) flexibility, innovation waivers, and administrator on teacher bullying prevention. If either party brought an item to the prior year’s bargaining that was not resolved, that item or both items will also be automatically reopened unless the party that initiated the item chooses not to re-open it.

The parties also may bring one additional non-financial item.

4. For the 2018-2019 and 2019-2020 school years only, Policy 4135(4) – (9) on Initiating Negotiations, the Nature of Negotiations, Adopting Recommendations, Mediation, Conducting Mediation, and Fact Finding will be suspended relative to bargaining changes to the Negotiated Policies to the extent that a provision may be in conflict with the terms of this memorandum except under one or more of the following circumstances:

(a) As necessary with respect to those issues to be bargained pursuant to sections 2 and 3 above;

(b) If the parties mutually agree to open negotiations on one or more items not directly related to financial provisions; to the extent possible the party seeking mutual agreement to re-open such negotiations shall begin discussions with the other party no later than January 1st of either 2018 and/or 2019, on specific items. Neither party shall be required to enter into negotiations without consent on non-financial items not otherwise identified in this memorandum.

(c) In the event that the year-over-year percentage change in PPR used to calculate the cost of living adjustment to salaries under Policy 4141 in the 2018-2019 the 2019-2020 school years or both is less than zero percent (0%) or greater than CPI, then the parties shall reopen negotiations in each instance to assess the implications upon the District’s budget and available funds for compensation adjustments, if any.

5. Notwithstanding anything in this MOU to the contrary, pursuant to Colo. Rev. Stat. 22-32-110(5), all provisions of this MOU and any provisions of the negotiated policies pertaining to compensation and benefits, including but not limited to salary schedule movement, cost of living increases, “add-on” compensation, employee health and welfare benefits and the District contribution towards those benefits may be subject to reopening each year per Policy 4135-6-D which states: “The parties recognize that the Board must, by law, adopt a
salary schedule commensurate with its ability to fund future budgets. Therefore, in the event of a reduction in the District’s overall revenue that may lead to the District’s inability to fund the agreed to salary and benefits, the Board may move to reopen negotiations on financial matters (e.g.: salary, benefits, and work year) in order to achieve a balanced budget.” Therefore, in the event of any such reduction, the parties agree that negotiations must be reactivated on economic matters related to teachers' salaries and fringe benefits and any policy concerning economic items that have been adopted will have to be modified commensurate with the funds available if the District notifies the Association of its desire to re-open negotiations and said policies.

Insurance Preamble, Memorandum of Understanding

Cherry Creek Schools and the Cherry Creek Education Association have a commitment to providing affordable medical and dental insurance to employees and their dependents. Both parties recognize that the previous benefit structure created the unintended consequence of diverting funding for premium increases to tax sheltered annuities. While access to tax sheltered annuities is an option, funding them should not be at the cost of meeting employees’ fundamental needs for affordable benefits coverage.

In light of significant, nationwide cost increases, the District and the Association recognize that this benefit structure no longer meets the goal of providing a competitive level of benefits that will assure employees and their dependents health care needs will be met. The District and the Association commit to addressing this concern by creating a new benefit framework that will meet the primary goal of ensuring quality, affordable insurance coverage.

Insurance, Policy 4044

1. Insurance

The Board of Education supports the idea that employees should be insured against personal and professional risks and in this regard will cooperate with staff members or representatives thereof in the development and administration of such a program.

The Board of Education shall protect the staff and program against undue invasion of the school day by insurance agents by not allowing such agents to solicit employees during the school day. Principals shall not allow materials from solicitors to be placed in mail boxes of employees or in school areas where employees may assemble.

2. Insurance Committee

a. The Insurance Benefits Committee shall be established by the Superintendent, composed of one representative of each employee group of the Cherry Creek School District. Each representative may be appointed or elected by a majority vote of these employees. The Committee shall be chaired by a representative of the Human Resources department and include a representative of Fiscal Services.

b. This Committee is charged with the responsibility of making an annual review of the District approved employee insurance plan.

c. Following this review, the Committee shall make the annual report to the
Superintendent. This report shall recommend retention of the existing program or appropriate changes.

d. The Committee shall have the responsibility to monitor insurance coverage problems and to make procedural recommendations.

   2. The death of the employee on leave will cause termination of all coverages.

If the Superintendent, or designee, does not offer such an extension, the written denial will include an explanation of the basis for the decision.

Extended Leaves of Absence granted under this Policy will be without pay. All accrued benefits, credits and years of service will be restored to a nurse upon return to employment. No leave referred to in this Policy will be considered an interruption of service.
All requests for Extended Leave of Absence or renewals will be made in writing to the Superintendent.

B. A nurse whose leave does not exceed eighteen (18) weeks, not including breaks, holidays, and off-track time (for nurses on year-round calendars) will return to the same school and position provided:

1. The exact days of leave are included in the leave application and approval.
2. The return date is prior to the last four weeks of the school year.
3. The returning nurse does not interfere with ongoing athletic season or other performance schedules in which the nurse is directly involved.

C. A nurse whose leave exceeds the above time will return only at the beginning of a semester, quarter, or other natural break in the school year. Every effort will be made to return the nurse to the same school.

While on extended leave without pay, if not otherwise provided for, a nurse will have the option to remain an active participant in benefit programs by contributing the full cost of the programs.

Except in cases of hardship, all nurses are expected to make application for leaves thirty (30) calendar days prior to the commencement of the leave. All requests for approval will be made on the prescribed form. Nurses returning from such leave will be placed on the salary schedule at the step to which they would have been entitled prior to taking such leave based on service and paid leave completed prior to taking the unpaid leave. (See Policy 4741).

2. **Extended Health (Medical) Leave**

A nurse who is disabled due to illness or injury may apply for an extended Medical Leave by submitting a request for such leave together with a certificate from a licensed and recognized physician confirming the nature and extent of the disability due to illness or injury.

Said nurse will notify the Superintendent in writing of the desire to take such leave as soon as approval is known. In unusual circumstances the period of leave may be extended.

4. **Family Care Leave**

Leave of absence, of up to one year, will be granted for the purpose of caring for a sick member of a nurse's immediate family or household, as defined in Sick Leave Policy. The illness is subject to verification.

Nurses covered by this policy may also be entitled to leaves by virtue of the federally enacted Family Medical Leave Act. While federal law allows the District to deny leave under certain circumstances to employees who are among the highest ten percent (10%) in compensation of District employees, the District shall not invoke the highest ten percent (10%) rule to deny leave under these provisions.

Upon return from leave that is solely an FMLA leave, the nurse shall be returned to the school and position or positions previously held. Nurses are encouraged to discuss the expected return from leave in advance and to make reasonable plans to return in a manner which least disrupts services and other activities. If the FMLA leave is extended by any other leave, the nurse shall be placed in accordance with the return-from-leave provisions in this policy.

6. **Extended Personal Leave**

Any nurse, upon application and recommendation by the Superintendent, may be granted a leave of absence for a definite period of time without salary when such a leave would be beneficial to the District and the nurse. All employees must make application at least one month in advance of the beginning of such leave, except in cases of hardship.

7. **Public Office Leave**

(b) All alcohol and controlled substance testing performed under and pursuant to this Section C, will be conducted in accordance with federal regulations, the Act and procedures adopted by the District.

Collaboration and Conflict Resolution to Prevent Workplace Bullying, Policy 4138

1. Policy Summary
   a. The Cherry Creek School District is committed to working collaboratively among stakeholders to encourage and support a school and workplace climate conducive to teaching and learning while ensuring that all CCSD employees have a safe workplace, one where all employees are equally accountable for creating and maintaining a safe culture. The District considers workplace bullying to be unacceptable and shall not be tolerated.

   b. The prevention of workplace bullying, as well as the prevention of retaliation against individuals who report acts of workplace bullying, requires a system-wide effort involving prevention, intervention, reporting, investigation and resolution.

   c. Building administrators and ARs will commit to meeting with the goal of effectively addressing building concerns as they arise and cultivate an ongoing collaborative relationship. Cooperation is imperative throughout this process.

   d. Differences of opinion, interpersonal conflicts, and occasional problems in working relations are an inevitable part of working life and do not necessarily constitute workplace bullying.

2. Policy Statement
   a. Prohibited Conduct
      Bullying behavior is often persistent and part of a pattern, but it can also occur as a single event. This is defined as conduct that is unwelcome, repeated, deliberate, hurtful, threatening, humiliating, intimidating, or acts of sabotage. These behaviors, whether verbal, physical or otherwise, interfere with work and may create a hostile, offensive and/or toxic workplace. These behaviors are typically conducted by one or more employees against another employee or other employees. Workplace bullying often
involves an abuse or misuse of power and authority.

Examples of workplace bullying may include but are not limited to the following:

1. Conduct that a reasonable person would find hostile, offensive, and unrelated to the employer’s legitimate business interest;
2. Spreading misinformation or malicious rumors;
3. Behavior or language that frightens, humiliates, belittles, or degrades, including criticism or feedback that is delivered with yelling, screaming, threats, insults, angry outbursts, excessive profanity or name calling;
4. Excessive monitoring or micro-managing;
5. Making repeated inappropriate comments about a person’s appearance, lifestyle, family, or culture;
6. Regularly teasing or making someone the brunt of pranks or practical jokes;
7. Interfering with a person’s personal property or work equipment;
8. Circulating inappropriate or embarrassing photos or videos via e-mail or social media;
9. Unwarranted physical contact;
10. Purposefully excluding, isolating, or marginalizing a person from normal work activities;
11. Being held to a different standard than the rest of an employee’s work group;
12. Work overload, unrealistic expectations and or meaningless tasks; and/or
13. Encouragement of others to turn against the targeted employee.

B. Workplace Bullying vs. Supervision

It is important to distinguish between workplace bullying behavior and appropriate workplace supervision by administration. Reasonable administrative actions include, but are not limited to, the following:

1. Providing performance evaluations;
2. Providing constructive feedback;
3. Scheduling ongoing meetings to address performance issues, including Directed Improvement Plans;
4. Setting performance goals, standards and deadlines;
5. Implementing organizational changes;
6. Counseling and/or disciplining an employee for misconduct; and/or
7. Investigating alleged misconduct.

Nothing in this language limits the District’s responsibility and authority to evaluate employees and to make hiring, non-renewal, and termination decisions in accordance with applicable law and CCSD School Board Policy.

C. Periodic and Ongoing Professional Development

1. The District, in partnership with CCEA, will develop and implement procedures for periodic and ongoing professional development on workplace bullying prevention, which includes this policy. This professional development is designed to increase understanding and awareness of the prevalence, causes, and consequences of workplace bullying. The overarching goal of this professional development is to solve issues at the building level.

2. The District in collaboration with CCEA, will ensure that professional development on workplace bullying prevention / conflict resolution is provided annually to all principals and building association representatives. This training will be provided at the beginning of each school year.

3. Procedure for Reporting Workplace Bullying/Conflict

A. Reporting an allegation

1. The first step will be collaboration at the building level. The employee will provide information of the bullying / conflict to the building principal and, if appropriate, a staff representative such as a building AR. All parties will work collaboratively to resolve the issue in a timely manner.

2. Employees making reports of workplace bullying will discuss with all involved parties the possible options for resolving violations of this policy.

3. In the event a resolution to the conflict cannot be reached at the building level, the issue will be escalated to the Office of Employee Relations and, if appropriate, CCEA Leadership (e.g. CCEA President and/or his or her assigned representative) who will work to jointly reach a solution. The solution obtained at this level is final.

4. The District will not respond to reports of bullying brought anonymously or by third parties not directly involved in the complaint.

5. In accordance with Human Resources Policy, retaliation is prohibited.

4. Policy Definitions

1. The term “teacher,” “nurse,” or “mental health employee” may be substituted herein for the term “employee” as the context requires.

2. The term “administration” and/or “administrator(s)” as used in policy will mean a collective body of persons who manage, administer, or direct the total educational enterprise of the District in whole or any part thereof. (e.g. principal, assistant principal, and/or any member of the District’s Leadership

4. A Teacher on Special Assignment or “TOSA,” Coordinator of Student Achievement or “COSA” or any other non-administrator positions such as (PASS, deans, athletic directors, department heads, school counselors, instructional coaches, talent/gifted coordinators, evaluators, etc.) used in this policy are teachers who serve in quasi-administrative roles.

5. **Additional Provisions**

   1. The terms of this policy will continue in full force and effect unless changed through the negotiations process as set forth in Policy 4135.

   2. If any provision of this policy is found contrary to law, then such provision will be deemed null and void, but all other provisions or applications thereof will continue in full force and effect.

   3. Upon agreement, this policy may be renegotiated in whole or in part at any time during the life of this policy.

   4. Any additions, deletions or revisions to this policy will be distributed to those affected and will be in effect after ratification by the Association Membership and adoption of the Board.

   5. Neither the recognized Association nor the Board can refuse to negotiate this policy at the next requested round of negotiations, following the timeline set forth in Policy 4135 if this policy is included in the request. If the issues are unresolved as a result of the negotiations using all relief provided in Policy 4135, the provisions will remain in effect (except as provided elsewhere in this section) through the remainder of the teachers’ annual contract year.
