Automated Messages

The Cherry Creek School District (CCSD) uses an automated message system to send important recorded messages. Messages may be delivered by a recorded voice, text, and/or by email to the parent/guardian contact information.

Guardian phone numbers identified as text-capable and selected for automated messages MAY receive texts through this system.

Important notes about the automated messaging system:

- CCSD requires that at least one phone number be entered.
- Work numbers with extensions CANNOT be used to receive automated messages.
- Work numbers that are answered by an operator should not be used to receive automated messages.

There are three categories of messages: Non-Attendance Outreach, Attendance, and Emergency.

- **Non-Attendance Outreach** messages are for upcoming events, meetings, overdrawn lunch balances, and important news.
 - **Attendance** messages are for alerting parents/guardians to student absences.
 - **Emergency** messages are for safety/security, school delays, and school closures. These messages will be sent to ALL phone numbers entered below.

Student Cell Phone Information

The Cherry Creek School District (CCSD) encourages Parents/Guardians to optionally provide the HIGH SCHOOL student's mobile/cell number for text message (SMS) notifications.

The CCSD District Communications Office and High Schools will use the HIGH SCHOOL student's phone number to:

- Better safeguard students. In the event of a school or community emergency that requires a secure perimeter, lockdown, closure, or evacuation, status text messages (SMS) may be sent alerting your student. Similar information will be sent to the parents/guardians of these students via the normal channels. The text messages would contain the emergency situation and any instructions.
- Keep your student informed about topics related to their specific High School. Individual High Schools may choose to send text messages (SMS) to their students to keep them informed/up-to-date.

Please note that text messages are limited to 160 characters. We expect that the parent will keep this phone number up to date throughout the school year. This can be done by contacting the student's school.

High School Student Cell Phone Number

District Policies

Weapons and Code of Conduct Policy Acknowledgement

The Cherry Creek School District (CCSD) is committed to providing an intellectually stimulating and safe educational environment for all students and staff. In keeping with that goal, the Cherry Creek School District Board of Education has adopted clear policies and procedures to assist in fulfilling our obligations to keep students and staff safe, both physically and psychologically.

By agreeing below, you acknowledge that you and your child have read and discussed Cherry Creek Schools' policies related to Student Conduct and Discipline, Rights and Responsibilities. Both you and your student understand and agree that your student is responsible for compliance with school district policies, including but not limited to the following:

- [Cherry Creek School District Policy JICDA: Conduct and Discipline Code](#)
- [Cherry Creek School District Policy JICDB: Violent and Aggressive Behavior](#)
- [Cherry Creek School District Policy JICI: Weapons in Schools](#)

My student and I have read and accept the policies related to Student Conduct and Discipline, Rights and Responsibilities.

required

Transportation Code of Conduct Policy Acknowledgement

Under the direction of the Board of Education to provide safe transportation, the district has adopted the Safe Student Transportation Program for use on all buses. The purpose of this program is to ensure that all students clearly understand and carry out their responsibilities for their own safety and the safety of everyone else who rides the bus. Students who do not ride a bus from home to school/school to home must also understand these requirements in the event that they ride a District bus as part of a field trip or extra-curricular event.

Please review the District Transportation links below with your student. Your acknowledgment lets us know that you have reviewed this information and that your student is aware of the standards that have been implemented under the Safe Student Transportation Program.

Student Accounts, Terms of Service and Children's Online Privacy and Protection Act (COPPA) Acknowledgement

According to the Federal Trade Commission (FTC) as part of the Children's Online Privacy and Protection Act (COPPA), educational institutions may act as the parent's agent and can consent to the creation of online accounts and/or the collection of students' information solely for educational purposes. Any account created for an instructionally-appropriate web service or app using an @CHERRYCREEKSCHOOLS.ORG email account is the property of the District and is subject to inspection, suspension, and cancellation without notice in accordance with all other accounts assigned to students, regardless of the account creation process. As such, any terms of service requirements (including age level) are considered to be met by the District or by the supervising teacher as the supervisor of the account, on behalf of the District. The District or teacher will make every effort to provide only the minimum required information to create the student account. Where possible, such accounts should not be supplied with a student's full legal name, age, birth date, home address, school address, student identifiers, photograph, ethnicity, race, or other personally identifiable information. As an important part of education, the District utilizes online tools such as Google G Suite for Education, Microsoft Office 365, Schoology (online learning), various library systems, and iOS/Android apps.

I have read and accept the above information regarding Terms of service, student accounts and COPPA. required

District Policies

Outside Media Outlets Waiver

Because of the intense interest in public education, outside media outlets, including radio, television, newspapers, internet, and other forms of media, will from time to time visit schools for stories about programs and current events. District policy requires that parental approval be obtained before the media may interview or take any close-up pictures of students, or use a student's image in non-school publications.

Do you give your permission and approval for these outside media sources to interview and/or use your child's image in their publications? required [?](#)

Yes

No

District Media Waiver

In the interest of promoting the successful programs of the Cherry Creek School District (CCSD) and improving communications with the public, CCSD is increasing the use and distribution of photographs and video footage of students in our school. All interviews, photographs, and video footage shall remain the sole property of CCSD. I understand that no compensation will be given to me for this use.

Do you give your permission and approval for the District to use any and all photographs and video footage of your child in presentations about our schools, programs, and people, which presentations may be distributed and shared with the public by the District? required [?](#)

Yes

No

Internet Publishing Waiver

The Cherry Creek School District (CCSD) recognizes the limitless potential for research, information and communication provided by the Internet. Therefore, Cherry Creek Schools encourages the creation of school and district web pages, that may include student works, for publication on the Internet. Because Internet publications are available to the entire world, special care shall be taken to protect the privacy of students and staff. Web pages may not include personally identifying information regarding a student such as telephone numbers, addresses, names of other family members, names of friends, email addresses, specific location of a student at any given time, grades or any other academic information. No confidential information shall be published on or linked to the web site. All web publications are subject to the following District policies:

Do you give permission for Cherry Creek School District to publish your student's work to the Internet? required

Internet and Network Resources Acceptable Use Waiver

The Board of Education strongly believes in the educational value of the Internet and other electronic network resources. Such resources offer students an opportunity to participate in distance learning, collaborate with other students and outside experts, publish works, and locate material to meet educational needs. These activities instill problem-solving skills, hone computer publishing and research skills that employers demand, encourage life-long learning, and require student to think critically, analyze information, create media, and write clearly. As an important part of education, the District utilizes online tools such as Google G suite for Education, Microsoft Office 365, Schoology (online learning), various library systems, and iOS/Android apps. The District also utilizes online tools for standardized testing such as ACT Aspire, Colorado Measures of Academic Success (CMAS), and Schoology. With access to the internet comes the availability of material that may not be of educational value or appropriate for students. When students are online the district takes reasonable steps to protect students from inappropriate information. However, on the internet it is impossible to control all materials and limit all access to information that has no educational value. CCSD firmly believes that the valuable information and the interaction available on the internet far outweigh the possibility that users may procure material that is not consistent with the educational goals of CCSD. When using online resources students are responsible for compliance with school district policies, including but not limited to the following:

[Cherry Creek School District Policy JS: Student Use of the Internet and Electronic Communications](#)

Please note, in order to comply with Colorado Department of Education standardized assessment and District testing initiatives, all students will utilize electronic devices for testing purposes regardless of the Internet and Network Resources Acceptable Use Waiver. Only students with state approved accommodations will be allowed exceptions to testing with electronic devices.

Do you give permission for your student to utilize the Internet and other electronic Network Resources? required

Yes

No

2022 Graduation Requirements

The Cherry Creek School District continues its strong tradition of a rigorous academic program to prepare students for both college and career. Beginning with the graduating class of 2022 (and beyond), all students must meet new graduation requirements which includes, 22 required credits as well as each student must also demonstrate college and career preparedness in both English and mathematics. The District offers a menu of multiple options that allow students to demonstrate college and career preparedness. More information about Graduation Requirements can be found in Cherry Creek School District Policy IKF and IKF-E. Science Laboratory Safety - High School

PURPOSE: Science is a hands-on laboratory class. You will be doing many laboratory activities which require the use of hazardous chemicals. Safety in the science classroom is the number one priority for students, teachers, and parents. To ensure a safe science classroom, a list of rules has been developed and provided to you in the student safety contract below. These rules must be followed at all times. Both student and parent must acknowledge and agree to the stated rules before the student can participate in the laboratory.

WARNING

Submitting your information through this website constitutes your electronic signature. Any record containing an electronic signature shall be deemed for all purposes to have been 'signed' and will constitute an 'original' when printed from electronic records established and maintained by Cherry Creek School District (CCSD) or its agents in the normal course of business. Upon CCSD's request, Parent/Guardian agrees to manually sign or place signature on any paper original of any electronic record that CCSD provides to Parent/Guardian containing purported electronic signature. I understand that, unless I revoke my consent in writing, this consent will remain in effect for one school year from the date of my signature below.

A person commits perjury in the second degree if, with intent to mislead a public servant in the performance of his duty, he makes a materially false statement. Perjury in the second degree is a class 1 misdemeanor punishable by a minimum sentence of 6 months imprisonment, or \$500.00 fine, or both, up to a maximum sentence of 24 months imprisonment, or \$5000.00 fine or both. C.R.S. Sec. 18-8-503, C.R.S. Sec. 18-1-106.

Under penalty of perjury, I affirm that all information given above is true and correct. I understand and agree that if it is later determined that 1 or more students enrolled with this Family Admissions Form are not legal residents of the district, such students will be withdrawn immediately from Cherry Creek Schools. I further understand and agree that pursuant to School Board Policy JF, Admission and Denial of Admission, all students new to the District shall be enrolled conditionally until records, including discipline records, from the schools previously attended by the student are received by the Cherry Creek School District. In the event, such records indicate a reason to deny admission, the student's conditional enrollment shall be revoked. I further agree to pay Cherry Creek Schools any and all applicable tuition charges, which may be due, together with the cost of collection thereof, including reasonable attorney's fees.

I have read and understand the perjury statement above and confirm that my intent is to enroll in CCSD and withdraw my student from the previous/current school.
